Supervisor Briggs recommending the Board consider and approve the refund of the permit application fees paid by the Boulder Bump Road property owners related to the privately funded road maintenance effort for Boulder Bump Road; a private, non-county maintained road. The Boulder Bump Road property owners paid a total of \$1,022 in fees: \$635 for the grading permit and site review related to Permit No. 203375 and \$387 for the Asbestos Dust Mitigation Plan Application. Boulder Bump Road is a non-county maintained private dirt road that provides access to approximately 18 private parcels. The owners of these private parcels each contributes funds towards the efforts to help maintain the road. In preparation for winter rain, the Boulder Bump Road property owners contributed towards a road maintenance project. The County of El Dorado made a determination that the improvements to the road would need to meet current County Road Standards. Supervisor Briggs recommends the Board approve the refund of \$1,022.00, representing the permit application fees that were required by the County as part of the determination that the improvement work to this private road meet County standards.
