Fiscal Impact/Change to Net County Cost

Acquisition costs are \$15,853 for fee title and \$672 for a Temporary Construction Easement, with title and escrow fees estimated at \$3,475 for a total of \$20,000. Funding for the acquisition process will be provided by 2004 General Plan Traffic Impact Mitigation fees.

Background

The intersection of Pleasant Valley Road (State Route 49)/Patterson Drive is located approximately one mile northeast of the community of El Dorado and two miles northwest of the community of Diamond Springs on State Route 49. Currently the intersection is a three-way stop.

The Pleasant Valley Road (SR49)/Patterson Drive Intersection Signalization Project (Project) area consists of approximately 1,800 feet of Pleasant Valley Road (State Route 49) and approximately 850 feet of Patterson Drive. Proposed improvements include the widening of the approaches to the intersection; the addition of turn pockets; installation of traffic signals, curbs, gutters, and sidewalks; grading and paving; drainage improvements; and minor landscaping.

The Project is subject to the California Environmental Quality Act (CEQA). On June 30, 2009, the Board adopted the CEQA Mitigated Negative Declaration (MND).

Reason for Recommendation

Negotiations have concluded with David G. Quigley and Sherry Quigley, husband and wife, as Joint Tenants, and a settlement has been reached that is representative of the appraised value of the necessary land rights.

Action(s) to be taken following Board approval

1. The Clerk of the Board will obtain the Chair's signature on the Acquisition Agreement for Public Purposes and the Certificates of Acceptance for the Grant Deed and Grant of Temporary Construction Easement, subject to County Counsel review and approval.
2. The Clerk of the Board will return all executed documents to Transportation for final processing.
