Background

The County of El Dorado (County) entered into a lease agreement with the City of South Lake Tahoe (City) for APNs 026-050-03, -05, on July 1, 1968. In 1972, the County entered into a subsequent lease agreement with the City, rescinding the 1968 version, to include an additional 4.74 acre beachfront parcel, APN 026-050-06. When the 4.74 acre parcel was identified for a two phase improvement project, an amended lease agreement (Exhibit B), dated January 26, 2010, was adopted by the County and City, to include this parcel and the improvement Project Phases 1 and 2, identified as the "El Dorado Beach Improvement Project" (Exhibit D). A Memorandum of Understanding (MOU) #09-0506 (Exhibit C) was executed on this date as well, but only included Phase 1 of the project.

Reason for Recommendation

Memorandum of Understanding #09-0506, executed on January 26, 2010 is being amending (Exhibit A) to include Phase 2 of the "El Dorado Beach Improvement Project" in order to comply with the Amendment to Lease of Real Property (Exhibit B). Phases 1 and 2 have been completed, however, the City has identified potential enhancements that include but are not limited to improving the boat trailer and boat launch, parking lots, providing landscaping, connecting the bike trail and improving vehicle circulation, all which fall under the purview of Phases 1 and 2 of the Amended Lease and Scope of Services within the MOU. Currently the City is requesting concurrence from the County on proposed improvements to the curb, gutter and sidewalk of the parking lot at the boat ramp along Harrison Avenue. Since the County is the owner by title of this property, Tahoe Regional Planning Agency is requiring a signature from the County on the Permit (Exhibit E) to proceed with these improvements.
