Change To Net County Cost.....	\$0

Fiscal Impact/Change to Net County Cost

There is no anticipated increase to the County's net county cost. The Department identified this cost in the proposed Fiscal Year 2014/2015 budget to fund the cost of extending this contract.

Background

Mother Lode Investigations has provided investigative services in conjunction with one other contracted Investigator for the Public Defender's office since July 1, 2013. On June 12, 2014, the Board of Supervisors approved the allocations and funding for the Investigative Unit for the Public Defender's Office. The Board also approved on June 24, 2014, the Second Amendment of the contract with Mother Lode Investigations, which extended the contract for an additional three months to allow the department to start the hiring process and fill the positions. The hiring process has taken longer than expected, and it is being requested that the contract with Mother Lode Investigations be extended an additional three months with a termination date of December 31, 2014.

Reason for Recommendation

The Public Defender evaluated, identified and recommended critical investments in regards to the investigative needs of the Department. Based on those recommendations, the Board unanimously approved for the Fiscal Year 2014/2015 budget, a four person Investigations Unit, consisting of the additions of one full time Sr. Investigator, one full time Investigator I/II and one Investigative Assistant. This was in addition to the one Investigator I/II FTE that already existed. This created an Investigations Unit with 4 allocated positions, all of which had to be recruited for.

While the Department is finishing the hiring process for these investigative positions, it is requested that the current agreement with Mother Lode Investigations be extended an additional three months. As soon as the hiring process is complete, the agreement will be terminated according to the provisions of the agreement.

An outside review was previously completed by retired Chief Probation Officer Joe Warchol. This review concluded that the Scope of Services and Compensation for Services as outlined in the contract are appropriate. The review also found that the qualifications of this contractor, due his previous law enforcement and investigative services experience, exceeds the qualifications needed for the services identified in the contract.

Action(s) to be taken following Board approval

- 1) Purchasing Agent to sign two (2) original Amendments III to Agreement
- 2) Purchasing Agent to return one (1) fully executed original of said amendment to the Public Defender's office
- 3) Public Defender's office to distribute documents as needed
- 4) Public Defender to prepare and submit a budget transfer (if needed) for approval and posting
