Savings.....	
Other.....	
Total Funding Available.....	\$52,999
Change To Net County Cost.....	\$ 0

Fiscal Impact/Change to Net County Cost

There is no change in Net County Cost. No matching funds are required for this payment program.

Background

Pursuant to Public Resources Code Section 48600 of the California Oil Recycling Enhancement Act, \$11 million are provided in payments to local governments each year for implementation of local used oil and filter collection programs. The program provides for a variety of eligible costs, which include, but are not limited to: establishing, maintaining and/or enhancing used oil and used oil filter collection/recycling programs; developing educational materials informing the public about used oil and used oil filter collection and recycling; purchasing or renting storage facilities dedicated to oil-related activities and supplies; specific training; and developing and purchasing Used Oil Program materials. Each county is eligible to receive an amount calculated by California Department of Resources Recycling and Recovery (CalRecycle) on a per capita basis using the California Department of Finance's population statistics.

The Community Development Agency, Environmental Management Division (CDA/EMD), applied for

and received notification of funding in the amount of \$52,999 from CalRecycle to use for a variety of used oil curbside collection activities, ensuring certified used oil collection center availability, and providing public education that informs the public of locally-available used oil recycling opportunities (Attachments A and B).

Reason for Recommendation

CDA/EMD is requesting the Board accept these payment program funds to promote used oil and used oil filter collection/recycling programs for the community. In accordance with Board of Supervisors Policy A-6, the Board is the sole authority for accepting grant/payment program awards and approving grant/payment program agreements. After acceptance of a grant/payment program award and approval of the grant/payment program agreement, the Board may delegate authority to the CDA Director or designee to execute all documents, including, but not limited to, the grant/payment program funding agreement, amendments, requests for payment, reports, and all associated documents necessary to secure grant/payment program funds and implement the approved project.
