- 1) Find Special Use Permit S05-0021-R to be exempt pursuant to Section 15061(b)(3) of the CEQA Guidelines;

At each five-year review, the permit holder shall provide the Development Services Division Planning Commission with a status report on the then current use of the subject site and related equipment. The Development Services Division Planning Commission shall review the status report and, based on an assessment of the information provided, current wireless communications technology, and possible local or cumulative impacts, determine whether to: (1) Modify the conditions of approval in order to reduce identified adverse impacts; and (2) Initiate proceedings to revoke the special use permit, requiring the facility's removal, if it is no longer an integral part of the wireless communication system. By operation of this condition, it is the intent of the County Planning Commission to reserve the right to modify existing or add new conditions, consistent with the language specified above. The failure of the County Planning Commission to conduct or complete a five-year review in a timely fashion shall not invalidate this special use permit. The applicant shall pay a fee as determined by the Development Services Director Deputy Director of Planning to cover the cost of processing a five-year review.
