FUNDING: Federal and State Realignment Funds, Medi-Cal and Mental Health Services Act Funding.

DEPARTMENT RECOMMENDATION

Health and Human Services Agency (HHS) recommending the Board approve and authorize the Chair to sign Agreement for Services 168-S1611 with New Morning Youth and Family Services, Inc., for the provision of children's Traditional Specialty Mental Health Services, Full Service Partnership Services and Mental Health Services Act (MHSA) Enhanced Foster Care Services, for the term November 1, 2015 through June 30, 2018, with a maximum obligation of \$1,114,490.

HHS further recommending the Board make findings in accordance with Chapter 3.13, Section 3.13.030 of the County Ordinance that there are specialty skills required for the work performed under this Agreement that exceed the capacity and facilities of the County; therefore, it is more economical and feasible to engage an independent contractor for children's Traditional Specialty Mental Health Services, Full Service Partnership, and MHSA Enhanced Foster Care Services.

DISCUSSION / BACKGROUND

At the request of the HHS, the Procurement and Contracts Division issued a Request for Proposal (RFP) 15-092-043 for comprehensive Specialty Mental Health Outpatient Services (SMHS) for children and adolescents. Nine vendors responded and submitted proposals for Traditional Services. Of the nine vendors, six submitted proposals for Full Service Partnership Services and MHSA Enhanced Foster Care Services. On behalf of HHS, on July 28, 2015 (file ID 15-0852; Agenda item 9) Procurement and Contracts requested the Board award the RFP based on an evaluation of the proposals, and further requested authority for HHS to negotiate with five recommended vendors.

The Board awarded the RFP and directed HHS to enter into contract negotiations with all nine vendors who submitted an RFP with the intention that vendors would provide all services stated in the RFP.

HHS requested verification from the vendors who had not proposed to provide all services stated in the RFP to determine their willingness and capacity to provide the full spectrum of specialty mental health services for children and adolescents. The spectrum of services includes Traditional Specialty

Mental Health Services, Full Service Partnership, and Enhanced Foster Care Services, including Psychiatric and Medication Support Services and twenty-four hour Crisis Intervention. Of the nine vendors, one failed to respond to the request for verification and one responded but was unable to provide all services stated in the RFP.

HHSA held individual contract negotiation meetings with the remaining seven vendors. During the negotiation process, one vendor withdrew citing insufficient funding to establish an operation in El Dorado County, resulting in contracts with six vendors, including New Morning Youth and Family Services, Inc.

The negotiated contracts establish client slots (service capacity) and consistency in service delivery expectations, performance measures and outcomes, productivity, and funding. The outcome measures that will be monitored include the reduction in days psychiatrically hospitalized, reduction of school absenteeism, number of clients moving to a lower level of care, and number of clients graduating to community resources. In addition, the contract establishes a productivity standard of sixty-five percent for treatment staff.

ALTERNATIVES

Should the Board decline to approve and authorize Agreement for Services 168-S1611 with New Morning Youth and Family Services, Inc., HHSA's existing contract with New Morning Youth and Family Services, Inc. will expire on October 31, 2015 and thus HHSA will not have the capacity to comply with its mandated service obligations and will be unable to continue to provide the necessary services to children and families within the Community.
