- 3) Authorize the Community Development Agency Director, or designee, to extend the date of closure of escrow upon mutual agreement of both parties, if necessary.

FUNDING: Road Fund (100%). (No Federal Funds)

DEPARTMENT RECOMMENDATION

Negotiations concluded with property owner, Green Valley Marketplace LLC, A California Limited Liability Company, securing the County's interest in the easement acquisition portion of the subject parcel, and a settlement has been reached that is representative of the appraised value rounded to a compensatory value of the necessary land rights.

The Community Development Agency, Transportation Division (Transportation) recommends the Board Chair sign the Easement Acquisition Agreement for Public Purposes for the public utility easement acquisition along Green Valley Road in El Dorado Hills. This easement is necessary to secure the access rights to maintain an existing utility pull box and associated facilities.

DISCUSSION / BACKGROUND

The development of the Green Valley Marketplace began with applicable development requirements and dedications in January 2006 (as referenced in PPM 48/135/2 ADM), and was complete upon acceptance in December 2006.

In June 2014, Transportation staff identified the lack of public utility easements, as well as a pull box outside of County right of way, and determined the necessity to acquire land rights sufficient to permit access, repair, and maintenance along the identified northern portions of Green Valley Road. Although adjacent parcels to the east and west include public utility easements, the widened roadway and completed commercial development did not provide for public utility easements along a portion the northern portion of two adjacent parcels bordering Green Valley Road at the Green Valley Marketplace (aka Safeway Shopping Center).

The acquisition of the proposed Public Utility Easement does not pose significant environmental impacts and therefore does not require the filing of an environmental document.
