DEPARTMENT RECOMMENDATION

Probation Department recommending the Board authorize the Chair to sign Amendment I, Agreement 438-S1510 with SCRAM of California, Inc. to add SCRAM One-Piece GPS, SCRAM GPS Home Base Cellular Unit and SCRAM Remote Breathing and increase the agreement amount by \$60,000 for a total not to exceed amount of \$120,000.

SCRAM of California, Inc. is one of multiple contracts the Probation Department has in place to provide a variety of Electronic Monitoring Program (EMP) services on an as-needed basis to manage the specified offenders.

DISCUSSION / BACKGROUND

The Probation Department has been continuously operating the EMP since 2006 to provide home detention services as a custody alternative for appropriate offenders. The department has the necessary expertise in this area and has necessary contracts in place with multiple vendors to provide the electronic and GPS monitoring equipment.

On April 4, 2011, Governor Jerry Brown signed into law Assembly Bill (AB) 109, referred to as 2011 Public Safety Realignment. AB 109 was later modified by AB 117. Both bills taken together create extensive changes to existing law which reduces the number of offenders eligible for incarceration in state prison and "realigns" these offenders to local entities who are now responsible to manage the specified offenders.
