DISCUSSION / BACKGROUND

On August 2, 2016 the Board of Supervisors approved Agreement 076-S1711 with the Greater Sacramento Area Economic Council (GSAEC or "Greater Sacramento") with an initial term effective upon execution, continuing through June 30, 2017. The Agreement renews each subsequent fiscal year unless terminated by either party. Compensation under the agreement is based on \$0.40 per capita applied to the population of the unincorporated areas of the County as reported in 2014 from the California Department of Finance Demographic Research Unit. This population was listed at 150,468 resulting in an investment of \$60,187 from the County. This amount is an annual investment; however, the County's per capita costs will not increase for the first five years of the agreement.

The contract was executed on September 29, 2016. Since this time, GSAEC has hosted 14 El Dorado County employees, including two members of the Board of Supervisors, at their Champions Seminar; John Krueger, Executive Vice President of GSAEC, has attended several County meetings, including presenting to Leadership El Dorado on January 25, 2017 and to the Board of Supervisors on March 28, 2017 for the update to the Economic Development Element of the Strategic Plan; the County has received five Requests for Information from GSAEC, four of which GSAEC prepared a response on behalf of the Region, and one of which is considering locating in El Dorado County; and GSAEC holds monthly Economic Development Directors Taskforce meetings, as well as, bi-monthly

Competitiveness Council meetings and Conversations with the Community that all Certified Champions are invited to attend. GSAEC has developed high quality, complex demographic, workforce, economic, and quality of life analytics with a current dashboard that is available to the public, and has advocated for the region in a way that the County simply does not have the resources to do independently.
