DEPARTMENT RECOMMENDATION

Environmental Management Department recommending the Board consider the following:

- 1) Accept a Grant award in the amount of \$42,983 from the State of California, Department of Resources Recycling and Recovery (CalRecycle), 2016-17 Local Government Waste Tire Enforcement Grant Program, TEA24; and

DISCUSSION / BACKGROUND

CalRecycle administers various grant payment programs in furtherance of the State of California's effort to reduce, recycle, and reuse solid waste and hazardous material generated in the State thereby preserving landfill capacity and protecting public health and safety and the environment. TEA24 enables several eligible costs such as conducting and reporting on inspections of waste tire facilities to ensure compliance with current waste tire laws and regulations; investigation of illegal tire disposal activities; identification and issuing notices of violation to non-compliant entities; conducting and reporting surveillance, investigations, and other enforcement activities to remediate waste tire disposal and hauling; referring all illegal and unregistered illegal-waste/used tire haulers to CalRecycle; and conducting program related outreach and educational efforts with local businesses.

On November, 29, 2016, the Community Development Agency, Environmental Management Division (CDAEMD), submitted an application to CalRecycle for TEA24 Grant funds in the amount of \$42,983. On April 11, 2017, CalRecycle notified CDAEMD of the grant award for the amount requested, \$42,983. The Grant Funding Agreement (Attachment B) must be fully executed and returned to CalRecycle within sixty days of the notice of award.

In accordance with Board Policy A-6, the Board is the sole authority for accepting grant awards and approving grant agreements. After acceptance of a grant award, and approval of the grant agreement, the Board may delegate authority to execute the grant agreement and other grant related documents.
