DEPARTMENT RECOMMENDATION

Community Development Services, Department of Transportation (Transportation), recommending the Board approve the Offsite Road Improvement Agreement for Green Valley Convenience Center PD12-0003, Agreement 17-54664 (Agreement), with Cameron Park Petroleum, Inc. (Developer). The construction of these road improvements on Green Valley Road and Sophia Parkway are necessary to provide the proper access, egress, and utility services for the Green Valley Convenience Center project.

DISCUSSION / BACKGROUND

Planned Development PD12-0003 proposes an ARCO gas station, convenience store, and self-service carwash located at the Green Valley Road and Sophia Parkway intersection in the El Dorado Hills area.

On March 22, 2016 (Item 28), the Board adopted Resolution 047-2016 approving the Green Valley Convenience Center project. The development requires a raised median on Green Valley Road to restrict left turns, a signal pole relocation at the southeast corner of Green Valley Road/Sophia Parkway intersection, and widening on the southern portion of Green Valley Road adjacent to the project. A portion of Sophia Parkway will be slurry-sealed and a portion of Green Valley Road will be resurfaced, with installation of pavement markers and restriping included as part of the project. The Agreement defines the obligations of the Developer for the performance of the work within the County Right of Way.

Based on the Engineer's Estimate, the cost to complete the work is \$249,885.88, to be paid for by the Developer.

ALTERNATIVES

This Agreement is necessary for the approved development project to move forward. If the Agreement is not approved, the Developer would not be able to construct the necessary improvements to serve the project.
