DEPARTMENT RECOMMENDATION

Each year, the Probation and Parole industry identifies one week in the month of July to recognize and highlight the work performed by corrections professionals and the impact and outcomes of the work they perform in detention institutions and in the community.

Probation Officers and the staff that support the mission of Probation are dedicated public servants who identify with a distinctive professional tradition focused on the reduction of recidivism and promoting pro-social behaviors of individuals involved in the juvenile and criminal justice systems.

Probation professionals operate with a particular set of skills, experiences and trainings that culminate in the delivery of a unique and necessary service designed to provide public protection and enhance the lives of families in the community.

For this reason the El Dorado County Probation Department would request the El Dorado County Board of Supervisors acknowledge by proclamation the week of July 16th through 22nd as Probation Supervision Week in El Dorado County.
