DISCUSSION / BACKGROUND

On February 28, 2017 (Item 22), the Board of Supervisors awarded Bid 17-070-036 to Silver State International of Sparks, Nevada, for a 2017 International Dump Truck for the Community Development Agency, Transportation Division, as predecessor to Community Development Services, Department of Transportation (Transportation), and Transportation subsequently purchased one dump truck. Transportation is now requesting authorization to purchase a second dump truck under the same terms and conditions of the original bid award. The new additional dump truck is replacing an existing dump truck and snow plow that are seventeen years old, have limited or no parts available, and have a high level of emission output. The new dump truck will be able to accommodate the new Epoke sand spreader purchased through Tahoe Regional Planning Agency grant funding in Fiscal Year 2016/17, whereas the current truck would require a major retrofit which is more costly than the truck is worth.

Board of Supervisors Policy C-17 (Procurement), Section 5.6.7 (Additional Purchases Made After Bid Award), allows the Purchasing Agent to dispense with separate bidding for additional purchases under a previously awarded bid within a twelve-month period from the initial purchase date, provided that the vendor agrees to provide the item(s) at the same price and under the same terms and conditions of the previous award. Silver State International has agreed to honor the pricing and terms in the original bid.
