The applicant presented a summary of the current version of the Project and the changes that had been undertaken in response to various issues in the earlier versions presented to the Planning Commission. Public comments received at the public hearing involved potential drainage issues, land use incompatibility, and traffic. These issues have been adequately addressed in the Project documents. Commissioner Hansen made a motion to recommend approval to the Board of staff's recommended actions and to include the amendment to Condition of Approval 16. The motion was seconded by Commissioner Miller and passed by a vote of 3-0 (Commissioners Williams and Shinault being absent). An informational discussion for a potential easterly connection and extension of Diamond Springs Parkway through and aligned with the Subdivision road took place during the creation of the motion.
