### **DEPARTMENT RECOMMENDATION**

Community Development Services, Department of Transportation (Transportation), recommending the Board approve and authorize the Chair to sign retroactive State of California Standard Agreement CTA 17008 (Agreement) and Contractor Certification Clause CCC 04/2017 (Certification), collectively the private lease revenue transfer Agreement, with the California Tahoe Conservancy (CTC) for the term of July 1, 2017, through June 30, 2020, to allow \$3,506 to be allocated to Transportation's erosion control projects in the South Lake Tahoe region.

### **DISCUSSION / BACKGROUND**

Pursuant to Government Code Section 66908.3, the CTC is authorized to lease acquired lands. When such lands are within El Dorado County and are leased to private individuals or groups, the CTC must transfer 25 percent of the gross income of the leases to the County each year. Pursuant to the Budget Act of 2017, Chapter 14/17, the California State Legislature has appropriated \$3,506 to the CTC for transfer to the County as private lease revenue for this fiscal year. At least 50 percent of this amount is to be used for erosion control projects in the South Lake Tahoe region, as defined in Government Code Section 66905.5. Transportation will allocate the entire \$3,506 to erosion control projects.

The Agreement requires that the County sign the Certification regarding non-discrimination, drug-free workplace requirements, and other provisions for which certification is required when doing business with the State of California. The County's current practices are consistent with these requisites.

The term of the Agreement is retroactive from July 1, 2017, and continues for a three-year term ending June 30, 2020. Transportation did not receive the subject Agreement from the CTC until September 6, 2017.
