DISCUSSION / BACKGROUND

In October 2017, at the request of Transportation, the Procurement and Contracts Division of the Chief Administrative Office issued a RFP for on-call equipment, truck, and automotive body work and painting services. The services to be provided shall include, but not be limited to, furnish personnel, equipment, materials, parts, supplies, subcontractors and services necessary to provide on-call equipment, truck, and automotive body work and painting services. sheet metal panels, welding, plastic repair, replacing parts, repairing or replacing glass, performing associated maintenance and repair service, refinishing vehicles and equipment to an original color match including paint mixing, tinting and blending, and disposal of hazardous materials.

Transportation evaluated the proposals and recommends that Agreements be awarded to the two successful proposers, Frank's Body Shop, Inc., and G & O Body Shop, Inc., each in the amount of \$150,000 for a term of three years.
