Legislation Text

File #: 07-522, Version: 3

Supervisor Santiago. on behalf of EcoKat Applied Technologies, recommending the presentation relating to future partnerships for utilizing waste materials to produce affordable clean diesel fuel and a possible site in El Dorado County be continued off-calendar. (Refer 4/10/07, Item 41)

RECOMMENDED ACTION: Approve.

BUDGET SUMMARY:		
Total Estimated Cost		\$
Funding		
Budgeted	\$	
New Funding	\$	
Savings	\$	
Other	\$	
Total Funding Available	\$	
Change To Net County Cost		\$

Fiscal Impact/Change to Net County Cost:

Background:

Reason for Recommendation: Energy Visions is introducing the newest technology utilizing waste materials to produce affordable, clean diesel fuel. The working model is making it's way to the United States and the Pacific Rim out of Germany; Energy Visions is looking for a site with which to introduce California to this technology. El Dorado County is a prime location, close proximity to the state capitol, large urban areas, is easily accessible by highways useable feed stock; and, with a letter of intent, can take proactive steps to pursue the placement of a county plant.

Action to be taken following Board approval:
