Fiscal Impact/Change to Net County Cost: None at this time. If costs occur, costs up to \$50,000 will be reimbursed by the State Department of Finance.

Background:

The Local Update of Census Addresses (LUCA) program offers three levels of participation. Levels 1 and 2 of the LUCA program are designed for the urban regions with a large population of residents residing in noncompliant residential settings. Level 3 of the LUCA program is designed for regions with reliable addresses and more conventional residential settings.

Reason for Recommendation:

The Level 3 of the LUCA program allows our County to update, compare and submit our records to the Census Bureau. This Level will allow us to have a more accurate database of residential housing in our County and fulfill the address needs of the Census to process their collection of data.

Action to be taken following Board approval: Signed participation form will be returned to the Census Bureau.
