The acquisition will be funded through the West Slope TIM. There is no net cost to the County General Fund associated with this item.

**Background:**

The Cameron Park Drive/La Canada Drive Intersection Improvement Project #72366 requires a slope and drainage easement to be acquired from the subject property owner in order to accommodate the widening of Cameron Park Drive southwest of the intersection of Cameron Park Drive and La Canada Drive to facilitate the signalization of the intersection. The subject property consists of a townhome and is located at 2789 Kaweah Court, Cameron Park.

On March 4, 2008, your Board authorized DOT's Right of Way Unit to engage in negotiations to acquire portions of the subject property. Negotiations with Mr. Vina have concluded and a settlement reached that is representative of the appraised value offered to the property owner for these land rights.

**Reason for Recommendation:**

The land rights are necessary from the subject property owner in order to widen Cameron Park Drive for the intersection improvements at La Canada Drive.

**Action to be taken following Board approval:**

1. Chairman of the Board to execute the Easement Acquisition Agreement For Public Purposes and the Certificate of Acceptance for the Slope and Drainage Easement.
2. Board Clerk to return all executed documents to DOT R/W Unit for final processing.
3. Director of Transportation or designee to sign the escrow instructions and any related escrow documents pertaining to the transaction, including authorization for and payment to the subject property owner and title company.
