BUDGET SUMMARY:		HIV Prevention
Total Estimated Cost		\$172,468
Funding		
Budgeted	\$21,659	
New Funding	\$107,491	
Savings	\$	
Other	\$	
Total Funding Available		\$172,468

Fiscal Impact/Change to Net County Cost: This amount has already been budgeted in the FY 2007-08 adopted budget.

Background: Each year the State of California issues AIDS Program funding to California counties to continue their work preventing, counseling, testing, and tracking HIV/AIDS. The documents include a Master Grant, which describes the terms/conditions and reimbursement/reporting procedures, and

individual MOUs for each program being supported by the Grant that describe, in detail, the scope of work for that particular program.

Reason for Recommendation: The State is providing additional funding in FY 2007-08 to support an expansion of services for the HIV Prevention Program. These amendments are retroactive to July 1, 2007 due to the late receipt of documents from the State - Amendment I (received from State March 25, 2008).

Action to be taken following Board approval:

- 1) Board Chairman to sign seven (7) original AIDS Master Grant face sheets where indicated.
- 2) Board Chairman to sign three (3) original HIV Prevention MOU face sheets where indicated.
- 3) Department to forward to State of California for final execution.
- 4) Department to return one fully executed original of each document to the Board Clerks Office upon receipt from the State.
