Change To Net County Cost		\$0.00

Fiscal Impact/Change to Net County Cost:

Funds budgeted in FY 07-08. No impact to NCC.

Background:

IronPort Systems, Inc. has been engaged by the County since 2005, under Agreement #625-S0511, to provide software license and maintenance for email security appliances. Although the original three year contract has not expired, prices and terms were re-negotiated due to an upgrade of equipment and to allow savings for the County. Amendment I was created in March, 2007 and reflects the re-negotiation of pricing for the extended term of March 30, 2007 through March 29, 2010.

Reason for Recommendation:

Amendment I was processed in March, 2007 and approved by County Counsel and Risk Management. The amendment was signed by the Purchasing Agent but should have been approved and signed by the Board Chair. Information Technologies is recommending retroactive approval of Amendment I to IronPort Agreement #625-S0511 and ratification of the Purchasing Agent's signature with signature of Board Chair.

Action to be taken following Board approval:

- 1) Board Clerk's Office to forward fully executed amendment to IT for distribution to vendor.
- 2) Procurement & Contracts to revise Blanket Purchase order to reflect Amendment I pricing and terms.
