DISCUSSION / BACKGROUND

At the request of the Community Development Services - Department of Transportation (Transportation), the Procurement and Contracts Division issued an invitation to Bid #19-288-010 for the purchase of High Performance Cold Patch Mix for the West Slope of El Dorado County for the maintenance and repair of county roads on the West Slope of El Dorado County. Twenty-one invitations to bid were mailed, three to local vendors, one qualified response was received, none from local vendors, as they do not produce this material.

ALTERNATIVES

If the Board does not approve the agenda item, the department will be delayed on obtaining High Performance Cold Patch Mix for the routine patching of potholes on the West Slope of El Dorado County, resulting in further deterioration of road conditions. Using a less durable temporary patching material will result in increased labor and equipment costs because it would require reapplication of the material.

OTHER DEPARTMENT / AGENCY INVOLVEMENT

Procurement and Contracts conducted the formal bid process.

CAO RECOMMENDATION

It is recommended that the Board approve this item.

FINANCIAL IMPACT

Funding for the subject material is included in Transportation's Fiscal Year 2018/19 adopted budget, with funding provided by the Road Fund. Future year budget proposals will include a request for additional appropriations over the life of the proposed contract purchase order.
