### **DISCUSSION / BACKGROUND**

The subject parcels are located within the Serrano master planned development, which is part of the adopted El Dorado Hills Specific Plan. The parcels were approved by the Board of Supervisors on June 27, 2017 (Item #52, Legistar 17-0381) for a phased residential development under the Serrano Village J6 Tentative Subdivision Map TM13-1511 for a total of 148 lots (Exhibit C). This Final Map for Unit 1 of the residential development would create 47 residential lots, ranging in size from .115 to .286 acres, two large lots for the future development of Units 2 and 3, and six lettered lots for roads and landscaping (Exhibit D). The Final Map for Units 2 and 3, which have a combined total of 101 lots, would be processed under separate Final Map applications.

This Final Map for Unit 1 conforms to the Serrano Village J6 Tentative Subdivision Map. Exhibit E details the verification of the Final Map for conformance with the approved Conditions of Approval for the Tentative Subdivision Map. County departments and affected outside agencies, including the El Dorado Hills Fire Department, Department of Transportation, and the County Surveyor's Office, have recommended approval of the map. A meter award letter from El Dorado Irrigation District has been secured for public water, recycled water, and sewer services for the subdivision (Exhibit F). The Subdivision Improvement Agreement, including associated bonds, has been approved by the Department of Transportation for Serrano Village J6 Unit 1, subject to authorization by the Board Chair.
