**FUNDING:** Fiscal Year 2017 Homeland Security Grant

### **DISCUSSION / BACKGROUND**

On April 8, 2003, the Board created an Approval Authority to distribute Homeland Security Grant funds to local eligible entities. This Approval Authority has approved the reimbursement of \$9,800 to the EID from the Fiscal Year 2017 Homeland Security Grant for the update to their Emergency Operations Plan (EOP). The Approval Authority consists of representatives from the City of Placerville, and South Lake Tahoe Police Departments, the Sheriff's Office, Public Health, and Fire Districts. Although the El Dorado Irrigation District is not a voting member of the approval authority that distributes the Homeland Security Grant funding, they are an entity in the Operational Area that the Grant services therefore they are eligible to receive funding.

On June 23, 2015, the Board of Supervisors reaffirmed the creation of an Approval Authority to distribute the Grant funds at the local level.

The Homeland Security Grant program provides funding for planning, equipment, training, exercises and management/administrative costs to help fulfill one of the core missions of the Federal Department of Homeland Security by enhancing the country's ability to prepare for, prevent, respond to and recover from potential attacks and other hazards. The Grant is one of the main mechanisms in funding the creation and maintenance of national preparedness, which refers to the establishment of plans, procedures, policies, training, and equipment at the Federal, State, and local level that is needed to maximize the ability to prevent, respond to, and recover from major events such as terrorist attacks, major disasters, and other emergencies.

The disbursement of funds to the El Dorado Irrigation District (EID) was voted and approved by the Approval Authority on December 12, 2016.
