FUNDING: State of California Department of Parks and Recreation Division of Boating and Waterways Boating Safety and Enforcement Financial Aid and County Boat Taxes.

DISCUSSION / BACKGROUND

Each year the County receives funds from the California Department of Parks and Recreation Division of Boating and Waterways to patrol the County's rivers and lakes. Funding received by the Sheriff pays for Extra-Help Deputy Sheriffs who patrol rivers and lakes in the unincorporated area of the County from May through September. Funding is also provided for permanent staff who provide river and lake patrol service on a year-round basis, as well as for the supplies and equipment needed to operate the boating program.

As a condition of participating in this program, the County must use the boat property taxes to partially fund this program. The Auditor's Office provides the estimated funding, which will be included in the Sheriff's Fiscal Year 2020-21 budget in the amount of \$149,010.

Additionally, the California Division of Boating and Waterways requires that the County sign a Resolution accepting the financial aid contract, and acknowledging compliance with Harbors and Navigation Code, Section 663.7(e), which states: "The department shall not allocate funds to any county or a public agency within a county unless the department receives a resolution adopted annually by the board of supervisors authorizing the county to participate in the program and certifying that the county will expend for boating safety programs during that year not less than an amount equal to 100 percent of the amount received by the county from personal property taxes on vessels. The money allocated to a county pursuant to subdivision (a) shall be used only for boating safety and enforcement programs, as specified in subdivision (a), that are conducted in that county."
