DISCUSSION / BACKGROUND:

Health and Human Services Agency (HHSA) Employment Services has identified the need to access Employment Development Department (EDD) base wage data to improve local data-driven program management and continuous quality improvement of the CalWORKs programs, and allow greater capacity to conduct meaningful evaluations of the long-term effects of the employment services provided to CalWORKs recipients.

The California Department of Social Services (CDSS) All Counties Information Notice (ACIN) 1-62-18 details the process to enter into an Agreement to obtain the EDD base wage data on Employment Services and General Assistance recipients. To facilitate the execution of this agreement, CDSS has provided the Base Wage data file Agreement template for El Dorado County approval, as is. Per CDSS instruction, El Dorado County must accept all terms and conditions set forth in the entire Agreement. There is no cost to El Dorado County for obtaining data through this agreement.

At the end of March 2020, CDSS provided this non-financial Agreement #19-1019 to the County, with a retroactive term of July 01, 2019 through June 30, 2022. Staff immediately began processing the documents in preparation for execution by the Chief Administrative Office pursuant to Board Policy C18; however, upon communicating to CDSS that the start date would need to be adjusted to upon execution, CDSS responded that the start date must remain July 01, 2019 and that they required a Resolution identifying the authorized signer that includes the contract #19-1019, which resulted in the need to draft a resolution and submit this Agreement to the Board of Supervisors at the next available Board Agenda.

ALTERNATIVES:

The Board could choose to not adopt Resolution **###-2020**, thereby not delegating authority to the Director of the Health and Human Services Agency to sign Agreement 19-1019 with CDSS, thereby requiring the Board to sign the non-financial agreement annually.
