- 2) Authorize the Director of Health and Human Services Agency, or designee, to execute further documents relating to Agreement for Services 4765, including amendments which do not increase the maximum dollar amount or term of the Agreement, and contingent upon approval by County Counsel and Risk Management.

FUNDING: Fee for service revenue from the County of Trinity.

DISCUSSION / BACKGROUND:

The Welfare and Institutions Code Section 14680 through 14726 directs the California Department of Health Care Services to implement and administer Mental Health Plans (MHPs) for the provision of mental health care for Medi-Cal eligible residents of this state. The Health and Human Services Agency (HHSA) has contracted with the County of Trinity for many years to provide access to the County's Psychiatric Health Facility (PHF) for the provision of services for Trinity County's clients who require acute inpatient mental health services under the direction of their MHP. Services provided by the County PHF include psychiatry, medication, clinical treatment, nursing, and the required documentation and maintenance of health information in accordance with prevailing federal and state laws and regulations.

The PHF is now operated and managed on behalf of the County by Telecare Corporation, Inc. (Telecare) (File ID: 19-1397, Item No. 19) and its staff manages the daily census. In conjunction with HHSA, Telecare accepts or declines referrals from other counties based on specified requirements including availability of beds in the facility. Accepting clients from other counties helps HHSA to maximize revenues and offset fixed operational costs of the PHF, while assisting other counties with their mandated services.

The prior agreement with Trinity was executed on a Board approved template via Resolution 029-2015 (File ID: 15-0187, Item No. 32). This new agreement updates requirements as directed by the state.

ALTERNATIVES:

Should the Board decline to approve this recommendation, HHSA would continue to provide services through existing contracts but will be limited in maximizing PHF revenue to offset costs.

Approve as recommended.
