FUNDING: Road Fund (Loaders and Backhoe) and Road Maintenance and Rehabilitation Act of 2017 (SB1)(State)(Force feed Loader).

DISCUSSION / BACKGROUND

Department of Transportation (Transportation), Maintenance and Operations Division, is requesting to purchase three (3) loaders, one (1) backhoe, and one (1) force feed loader. The three (3) loaders and one (1) backhoe are pieces of heavy equipment that are replacing existing equipment that is dated and will soon no longer meet Air Resource Board regulations. The force feed loader is new to the fleet; however, it will provide for more efficient ditching and allow staff to ditch without having to pull all the material up onto the road and then return to clear and clean the roadways. All equipment is currently on the Board-approved Fixed Asset List for Fiscal Year 2020-21.

The County Purchasing Ordinance, Section 3.12.160, describes exceptions that may be made to the competitive bidding process. The purchase of the loaders, backhoe and force feed loader fixed assets fall under (D) of this section, which requires that the item may be procured from a vendor that has a contract with another public agency; that the contract was awarded utilizing a competitive

bidding process substantially the same as the County's; and that the item and terms of the transaction are the same, or substantially the same. For this purchase, the Department is able to utilize the Sourcewell competitively-bid Contract 032119-JDC with Pape Machinery of West Sacramento, CA for the purchase of three (3) loaders and one (1) backhoe. The Department is also able to utilize the Sourcewell competitively-bid Contract 052417-VTL with Nixon-Egli Equipment Co. of Tracy, CA for the purchase of one (1) force feed loader.

ALTERNATIVES

The Board may elect to not approve the purchase of the fixed assets as proposed, although this would leave Transportation with inadequate equipment to efficiently perform road maintenance and other necessary functions within the County.
