Fiscal Impact/Change to Net County Cost: No change to Net County Cost, as funds for this software perpetual license and maintenance agreement is included in the Human Resources Department budget for the remainder of FY 2008-09 budget. Applicable ongoing maintenance fees after June 30, 2009 will be included in the FY 2009-10 budget.

Background: Human Resources manages an agreement with SIGMA to provide on-going maintenance and support for the licenses, which are for a software product that provides on-line application and recruitment for the County of El Dorado.

Reason for Recommendation: Human Resources brings this matter before the Board per BOS Policy C-17 to make the Board aware of an agreement that was approved by prior Boards and to acknowledge the acquisition of SIGMA Data Systems by GovernmentJobs.Com, Inc. dba NEOGOV. Since the perpetual software licenses have a maintenance component covering one or more years, we are requesting authorization to continue the license agreements and for the payment of the associated software maintenance for FY 08/09.

Because of the value we receive from this product and the high quality of support we receive from the contracted vendor, Human Resources recommends the continuation of these perpetual agreements and requests approval for the continuation of the software maintenance agreement.

Action to be taken following Board approval: 1) Board Clerk will return one original of the amendment to the department for distribution and administration 2) Human Resources shall make payment upon receipt and approval of invoices. 3) Any future changes to terms and conditions of the agreement,

other than authorized price increases, will be brought to the Board for approval.
