DISCUSSION / BACKGROUND

This joint informational workshop for the Board of Supervisors and Planning Commission is being hosted by the Planning Division, Long Range Planning unit. The purpose of the workshop is to solicit input and encourage public participation during the process of updating the Housing Element of the County General Plan.

The County is in the process of updating the Housing Element, which is one of the seven mandatory elements of El Dorado County's General Plan. This update is for the eight-year planning period of 2021 to 2029. The County has contracted with PlaceWorks, Inc. to assist with this effort which is anticipated to be completed by August 2021.

The Housing Element update considers the County's housing policies, goals and objective for the planning period. This effort will result in modifications to the current adopted 2013-2021 Housing Element to address the changing needs of County residents as well as changes to State housing law.

The Housing Element of the General Plan is a land use and policy document and does not address or analyze specific housing projects

The draft Housing Element update is posted to the County website at <https://www.edcgov.us/Government/LongRangePlanning> (also Attachment C) and was submitted to the California Department of Housing and Community Development (HCD) for the required 60-day review period. During this time, HCD, County staff and the public will review the draft prior to preparing the final Housing Element update for Board and Planning Commission review and Board approval in August 2021.

Throughout the Housing Element Update review process, the public is encouraged to provide written comment to C.J. Freeland, Planning and Building Department, 2850 Fairlane Court, Bldg. C., Placerville CA 95667, or by email at Cynthia.freeland@edcgov.us.
