DISCUSSION / BACKGROUND

The County is subject to the California Public Records Act (CPRA) under Government Code Section 6250 through 6276.48. The applications provided by WebQA, Inc. capture all requests received via letter, website, fax, or walk-in which is ideal for centralized public records. The features not only benefit the requester but also greatly increase efficiencies within the organization. The system is tailored to comply with State law and allows for archiving, reporting, and tracking. It also has the ability to post completed CPRA requests to the web for searching via the CPRA Public Archive portal. Information can be shared more easily with the public and internal staff can be more involved in the process. The application can be found on the El Dorado County homepage under "Online Services" as the Public Records Act Request.

County Counsel is bringing this matter before your Board pursuant to the requirement of El Dorado County Policy C-17, Procurement Policy, to authorize the continuation of Agreement 485 (previous Agreement 252-S1611) which was initially approved by the Board on January 26, 2016 (Legistar File 16-0008) The cost for access to this platform was \$11,900 in 2016, \$8,760 in 2017, \$9,210 in 2018, \$9,720 in 2019, \$10,260 in 2020, \$10,825 in 2021, and the invoice attached to this item for 2022 is \$11,420. The current increase is approximately 5.5% and is within the 8% increase limit as outlined in the agreement with WebQA. Amendment 1 to the Agreement addresses the vendor's corporate restructuring and name change from WebQA, Inc. to GovQA, LLC.
