FUNDING: General Fund.

DISCUSSION / BACKGROUND

The California Highway Patrol Senior Volunteers in cooperation with the El Dorado Community Foundation is hosting a Car Show fundraiser on September 30, 2023, with proceeds benefiting the local community. One hundred percent of the event's profit will be distributed to various community non-profit organizations. The El Dorado Community Foundation is a 501(c)3 local non-profit organization. Over the past several years this event has raised over \$20,000 for non-profit organizations including The Upper Room, Boys and Girls Club, New Beginnings, Court Appointed Child Advocates (CASA), and the Ponderosa High School Band.

Due to the nature of this event and the planned activities, a Temporary Use Permit (TUP) is required. The total estimated fees for this TUP are \$1,303, including \$496 for Planning fees, \$86 for Environmental Management Department fees, and \$721 for Department of Transportation fees (Attachment B). The Planning and Building Department, with concurrence of the Chief Administrative Office, is recommending the Board consider waiving the TUP fees in the amount of \$1,303, as this event will provide a substantial public benefit (Attachment D).

ALTERNATIVES

The Board may choose not to approve this fee waiver request.

CAO RECOMMENDATION / COMMENTS

As required by Policy B-2, Section II.B.3, the project is proposed by a non-profit corporation and will provide a substantial public benefit. Therefore, it is recommended that the Board approve the fee waiver.

FINANCIAL IMPACT

These fees are typically paid for by the project applicant. Approval of the fee waiver in the amount of \$1,303 would require the use of General Fund to pay for the Planning and Building staff time and materials associated with the plan review for the event. The Department anticipates that there will be adequate General Fund savings to cover the cost of the waiver, therefore, no budget transfer is necessary.
