### **DISCUSSION / BACKGROUND**

Thirteen (13) fleet vehicles have met the County criteria for replacement and have been included on the Fixed Asset list for Fiscal Year (FY) 2024-25. The replacement vehicles consist of nine (9) mid size 4x4 SUVs for the Environmental Management, District Attorney, Fleet Pool, Social Services and Transportation, one (1) mid-size SUV for the Sheriffs Department and three (3) 1 ton 4x4 pickups for Transportation and the Sheriffs Department. Seven SUVs from quotation D4563 and three SUVs from quotation D4561. All vehicles are under the budgeted amount included on the FY 2024-25 Fixed Asset List and requested carryover amount as approved with Legistar File 24-1120.

The function served by each vehicle is critical to the operation of the department for which it is assigned. Department needs cannot be met through the redistribution of underutilized vehicles.

The County Procurement Policy C-17, Section 3.4.4, describes exceptions that may be made to the competitive bidding process. The purchase of these fixed assets falls under this section, which requires that the item may be procured from a vendor that has a contract with another public agency; that the contract was awarded utilizing a competitive bidding process substantially the same as the County's; and that the item and terms of the transaction are the same, or substantially the same. For these purchases, the Department is able to utilize the State of California competitively-bid Contract 1-22-23-20 with Winner Chevrolet of Elk Grove, California and Contract 1-22-23-23 with Elk Grove Auto of Elk Grove, California. Comparative market analysis pricing were requested from multiple dealerships that had previously responded to County vehicle bids. No responses were received as other dealerships are unable to match State contract pricing.

**ALTERNATIVES**

The Board could choose not to approve the purchase of the vehicles; however, the use of vehicles that are over target miles may result in unsafe conditions or additional maintenance costs incurred to repair such vehicles.
