DISCUSSION / BACKGROUND

In 2019, the Sheriff's Office explored various options in terms of vehicle services for various types of vehicles after the contract with Lehr Auto Electric expired in October 2019. In the past, bids had been performed and Lehr was consistently awarded the contract with the County.

Prior to the expiration of the 2019 contract, it was determined that Placer County also held a contract with Lehr Auto Electric and had gone through the necessary procurement steps to ensure this agreement was economically feasible. County's Procurement Policy C-17, Section 3.4(4) provides an exemption from bidding when a contract is available through another public agency as a result of a competitive bid done by that agency.

With the assistance of Procurements and Contracts, the Sheriff's Office determined that the contract between Lehr Auto Electric and Placer County was a suitable piggyback option.

On January 24, 2023, with Legistar file 23-0104, the Board approved and signed Agreement 7125 with Stommel, Inc., doing business as Lehr Auto Electric, utilizing a piggyback contract that existed between Placer County and Lehr Auto Electric.

Agreement 7125 is for parts and labor associated with tear down and build up services for vehicles. This Amendment I is to include ~~two~~ three new Exhibits (C, & D, & E) which address the MSRP pricing for additional parts not previously included in the original agreement. Pricing is to be based on the MSRP rates in effect at the time of the purchase. There is no change to the term or total amount of the agreement.
