Supervisor Nutting recommending the Board approve and authorize the Chair to sign a comment letter in opposition of an additional five year moratorium on suction dredging in the Trailer Bill for the proposed 2011-12 California State Budget.

An addition known as a "trailer" was discretely attached to the 2011-12 State budget which would impose an additional five year moratorium on the issuance of suction dredge permits. The recommendation eliminates funding being used for the suction dredge mining regulation, permitting or other related activities with the exception of enforcement and legal defense.
