Kaylee - Please distribute to the Commissioners. Thank you.

TO: El Dorado County (EDC) Fish & Wildlife Commission

Thank you for giving FAWN the opportunity to make a presentation at your Commission meeting on October 29 in Placerville.

We're always looking for opportunities to spread our message about the removal of obsolete fencing for the benefit of wildlife.

Here are some suggested actions for your Commission:

- support and promote the removal of obsolete fencing (e.g., with the formation of a volunteer group and partnering with local conservation groups)
- make old fence removal a part of EDC official policy whenever fencing is being replaced / revised
- review EDC fence design standards for 'wildlife friendly' features
- create a small grant program similar to what Placer County has, to encourage wildlife conservation efforts

Sincerely,

Irene & Roger Smith
