Mission Statement

Create and promote affordable housing solutions and support services that nurture individuals and families while encouraging self-sufficiency on the Western Slope of El Dorado County.

Fiscal Agent's confirmation letter- this is only needed if the community based organization that is applying is using a Fiscal Agent (because they are not their own nonprofit). Fiscal Agent must write a letter stating that they are taking fiscal responsibility of the grant funds on the community-based organization's behalf if they are granted funds. Fiscal Agents will keep specific program related funds restricted/accounting separate for this particular project request.

Fiscal Agent letter must be dated within 90 days of the grant submittal.

Is Your Non-Profit in Good Standing?

EIN or TIN

Attach the IRS Determination letter that contains your organization's Employer Identification Number AND verifies that your organization has been given 501c3 status.

IRS Designation letter.pdf

Click on this link for the IRS database to find your organization. Please take a screenshot of the page that shows your organization name and the IRS filings for the past year(s). This page should show that your organization has filed its 990, 990EZ or 990N in the past three years at least once.

IRS Status.pdf

THIS SECTION IS REQUIRED unless organization is a faith based organization, a government entity or a Native American Tribe recognized by the federal government.

Visit the CA Secretary of State website and search for your organization. Take a screenshot of that page that shows your organization is active and up-to-date with your statement of information.

If your entity is registered in a state other than California, please provide a screenshot of your state's registration entity proving your active and up-to-date status. Also, your organization should be registered in CA if you are doing business in CA (like applying for these funds:)).

Screenshot 2026-04-14 173532.png

THIS SECTION IS REQUIRED unless organization is a faith based organization, a government entity or a Native American Tribe recognized by the federal government.

Lastly, visit the CA Department of Justice website to verify your organization's registration. Search for your organization , and take a screenshot of the page that shows your organization name, and that its registration with the Department of Justice is CURRENT. Upload this screenshot here.

All organizations that "do business in California" are required to file annually with the CA DOJ.

THIS SECTION IS REQUIRED unless organization is a faith based organization, a government entity or a Native American Tribe recognized by the federal government.

Grant Information

Grant Information

Grant Title: please create a title that describes what your grant is requesting

Homelessness Prevention for Local Veterans

Grant Request SUMMARY: In 300 words or less please provide a summary that describes the program/project that your organization is requesting funds for.

As of June 30, 2026, Only Kindness will cease operations, creating a critical gap in homelessness prevention and resolution services within El Dorado County—particularly for our Veterans.

We know that "an ounce of prevention is worth a pound of cure." To address this looming crisis, Housing El Dorado would like to establish a flexible housing assistance fund dedicated to our Veteran community.

The Current Crisis

While Housing El Dorado currently administers homelessness prevention funds on behalf of the EDOK CoC, these resources are fully depleted. As we await new allocations, the closure of Only Kindness leaves our local Veterans with zero financial safety nets. Without intervention, many who are currently facing instability will face a hard landing.

Our Solution: The Veteran Assistance Fund

This fund provides a vital "soft landing" and a bridge for Veteran families until funding is replenished. These resources are a lifeline, covering essential costs that often stand between a Veteran and safe, secure, stable housing.

This grant will support:

Move-in Costs: Security deposits, first month's rent, and application fees.

Stability Services: Rental arrears, utility assistance, storage, transportation costs.

Emergency Support: Short-term motel stays and pet-related costs.

Accessibility: Home modifications like ramps, grab bars, and service & emotional support animal costs.

All funds will be strictly dedicated to Veteran households, with sustainability standards applied to ensure long-term housing success. Together, we can ensure those who served our country aren't left without a home of their own.

| | |
|---|------------------------------|
| Grant Amount Requested | \$ 20000 |
| Geographic Area Served by this Grant | West Slope, El Dorado County |
| What is the need that your project/program that you are requesting funds for supports? | |

This project addresses a critical, time-sensitive gap in homelessness services for the 12,000+ Veterans residing in El Dorado County, with 70-80% of those folks residing on the west slope. As of June 30, 2026, Only Kindness, a primary provider of emergency assistance, is ceasing operations. Simultaneously, Housing El Dorado's CoC-allocated prevention funding is depleted, leaving our local Veterans with no dedicated financial safety net.

While homeless Veteran programming exists, they often cannot address immediate, "one-time" crises that lead to displacement, or the gaps for things that funding cannot cover. Our program provides a flexible **Veteran Assistance Fund** to serve as a bridge, ensuring that those who served our country do not fall into homelessness due to a single financial hurdle.

Key Needs Addressed:

Prevention & Stability: Direct assistance for rental arrears and utilities to keep Veterans in their current homes.

Immediate Re-housing & Sustainability Expenses: Funding for security deposits, first month's rent, and application fees to overcome the high barrier of the rental market. Includes transportation expenses to ensure that household income remains stable.

Emergency Infrastructure: Support for short-term motel stays and storage costs for those in active transition.

Health & Accessibility: Funding for essential home modifications (e.g., ramps/grab bars) that allow aging or disabled Veterans to remain safely housed.

By providing this "soft landing," we prevent the trauma of unsheltered homelessness and maintain community stability until longer-term funding is replenished. We aren't just providing a handout; we are providing the strategic "ounce of prevention" that saves lives and resources.

Please provide information (DATA) demonstrating the need exists for VETERANS in El Dorado County.

In El Dorado County, the need for targeted Veteran support is urgent. Data from the 2024 Unsheltered Point-in-Time (PIT) Count identified approximately 284 individuals experiencing homelessness in the county, with Veterans consistently representing a vulnerable subset of this population.

Over the course of the last 2 years, more than **two dozen Veteran households** experiencing homelessness or housing instability that could lead to homelessness sought critical assistance from Only Kindness. Last year alone, the agency successfully **assisted 12 of these households**, providing a vital intervention that either prevented homelessness entirely or ensured their experience was "short-lived and non-recurring." On average, these households were **stabilized with just \$1,250** in flexible funding.

With the closure of Only Kindness on June 30, 2026, and the temporary depletion of CoC allocated prevention funds, a dangerous service vacuum has emerged. Housing El Dorado's proposed **Veteran Assistance Fund addresses this by offering up to \$1,500 per household**. Based on our operational data, this threshold is the "tipping point" that allows many families to overcome a one-time financial crisis or moving expense—such as a security deposit or rental arrears—and return to long-term self-sufficiency. Without this fund, these families face unsheltered homelessness in a high-cost rental market.

How will this program/project in this grant request address the need described above?

This program addresses the impending service gap by establishing a bridge-funding model designed to **intercept** Veterans before they enter the emergency shelter system. By providing immediate, low-barrier financial assistance, we replace the vital services lost with the closure of Only Kindness and the depletion of current state funds.

Direct Impact Strategies:

Preventative Stabilization: We deploy small, strategic grants (up to \$1,500) to cover "one-time" hurdles like rental arrears or utility shut-offs. This keeps Veterans in their existing housing, which is significantly more cost-effective than re-housing someone after they become homeless.

Rapid Re-housing Acceleration: For Veterans currently unhoused, this fund covers more than short term emergency shelter, the Veteran Assistance Fund covers the "startup costs" of a new lease—security deposits, first month's rent, and application fees—that other funding sources often cannot cover quickly enough.

Removing Barriers to Placement: We provide unique "gap funding" for costs that often derail housing stability, such as pet deposits, storage fees, and essential home modifications (e.g., grab bars) for disabled Veterans.

Sustainability Focus: Housing El Dorado's case management team will vet each application to ensure the assistance creates a medium-term "soft landing," helping to bridge the timeframe until the household is sustainable.

This program ensures that El Dorado County Veterans do not experience a lapse in support during this institutional transition. We turn a potential spike in Veteran homelessness into a manageable period of stability.

**How is your organization suited to meet this need?
Please describe how organization's mission aligns with the need and the
program/project that funding is being requested for.**

Housing El Dorado's mission is centered on creating a path to safe, stable housing for all residents of El Dorado County through service, advocacy and education. Our organizational DNA is built on the premise that homelessness is a solvable crisis when addressed with agility and local expertise.

This program aligns perfectly with our mission in three key ways:

1. **Filling a Critical Service Vacuum:** As a participatory agency in the local Continuum of Care (CoC) and the current administrator of county-wide homelessness prevention funds, we are uniquely positioned to step in as Only Kindness closes. Our mission dictates that we ensure no vulnerable population—especially those who served our country—is left without a safety net during institutional transitions.
2. **A "Prevention-First" Philosophy:** We believe that the most effective way to end homelessness is to prevent it from occurring. By establishing this flexible Veteran Assistance Fund, we are operationalizing our core belief that small, strategic interventions can prevent the lifelong trauma and high public cost of unsheltered homelessness.
3. **Strategic Stewardship:** Our mission involves the responsible management of community resources. Because we already manage complex "flexible funding" at the County level, and contract with Managed Care Providers (Medi-CAL), we have developed the administrative infrastructure to ensure these Veteran-specific funds are distributed with high accountability and a focus on long-term sustainability.

Funding this project allows us to fulfill our mandate: ensuring that the "soft landing" we advocate for becomes a reality for El Dorado County Veterans.

What is the grant timeline and major milestones of this project?

Please remember, if your grant is approved, funding must be spent within a year.

Phase 1: Launch & Integration (July 2026)

July 1, 2026: Formal launch of the Veteran Assistance Fund.

July 15, 2026: Complete the transition of pending Veteran cases from Only Kindness to Housing El Dorado's intake system.

July 31, 2026: Complete assessment work of pending households (ie: document collection, income verification, etc)

Phase 2: Primary Service Delivery (August 2026 – March 2027)

Ongoing: Processing of new and ongoing applications for assistance.

Quarterly Reviews: Conduct internal audits of fund disbursement and Veteran housing retention rates (at 30- and 90-days post funding involvement).

October 2026: Mid-point check-in on the "bridge" status—evaluating the timeline for the replenishment of Homelessness Prevention Program funds.

Phase 3: Replenishment & Transition (April 2027 – June 2027)

April 2027: Begin transitioning active cases to longer-term programs as new allocations become available.

May 2027: Comprehensive data collection on the number of Veteran households stabilized and total cost-avoidance within the county.

June 2027: Final project reporting and evaluation.

What are the measurable objectives of the project/program that you are requesting grant funds for?

The measurable objectives for the Veteran Assistance Fund are focused on immediate housing stabilization, long-term retention, and the seamless transition of services following the closure of Only Kindness.

We will evaluate the project's success through the following four primary objectives:

1. **Immediate Crisis Resolution:** Provide flexible financial assistance (averaging approximately \$1,500 per household) to at least 10 Veteran households within 72 hours of a completed application. Success is measured by the prevention of unsheltered homelessness or the immediate transition from a shelter/motel into a permanent lease.
2. **Housing Retention and Stability:** Achieve an 85% housing retention rate for all assisted Veterans 90-days post-intervention. We will track this via follow-up case management to ensure that the "one-time" assistance effectively bridged the gap to self-sufficiency or established long-term support.
3. **Service Continuity & Gap Mitigation:** Successfully assess 100% of the active Veteran case files transitioned from Only Kindness by August 31, 2026. The metric of success is a "zero-day lapse" in emergency support availability for those currently reliant on these services.
4. **Strategic Cost-Avoidance:** Track the utilization of funds specifically for preventative measures (rental arrears and utilities) vs. re-housing costs. Our goal is to maintain a ratio where at least 60% of funds are used for prevention/diversion, demonstrating a reduction in the higher public costs associated with emergency shelter stays and emergency room visits for unsheltered Veterans.

By meeting these benchmarks, Housing El Dorado will demonstrate that a modest, well-timed financial intervention is a scalable solution for maintaining Veteran housing stability in El Dorado County.

How will the objectives be measured?

To ensure high accountability and clear outcomes, Housing El Dorado will employ a multi-layered tracking system to measure the success of the Veteran Assistance Fund. We will utilize the following tools and processes:

HMIS Data Integration: As an active participant in the Homeless Management Information System (HMIS), we will track each Veteran household from intake through stabilization. This allows us to measure Objective 1 (Crisis Resolution) by recording the exact timeframe from the "initial request" to "funds disbursed," as well as record any follow-up needs.

Case Management Follow-ups: To measure Objective 2 (Retention), our staff will conduct formal "housing status checks" at the 30-day and 90-day intervals post-assistance. This qualitative data ensures that the \$1,500 intervention resulted in longer-term stability rather than a temporary fix.

Transition Audit: We will perform a side-by-side audit of the active Veteran caseload transitioned from Only Kindness. Success for Objective 3 (Continuity) will be measured by verifying that 100% of identified high-risk Veterans were contacted and offered an assessment within the first 60 days of the project.

Financial Utilization Reports: Fiscal reports will categorize spending into "Prevention" (arrears/utilities) vs. "Re-housing" (deposits/moving costs). This allows us to measure Objective 4 (Cost-Avoidance) by comparing the cost of these interventions against the average local cost of an emergency shelter bed-night.

What is the number of un-duplicated veterans to be served if this grant is funded? 10

What percentage of your total clientele are veterans? 10

How will you confirm/show proof of a veteran's status? Please be very specific...this data may be asked for in the final report

To ensure the highest level of fiscal integrity and meet federal and state reporting standards, Housing El Dorado will require and document one or more of the following official verifications for every applicant.

Primary Verification Methods:

DD Form 214 (Certificate of Release or Discharge from Active Duty): This is the gold standard. We will require a copy of the "Member-4" version, which indicates the character of service (e.g., Honorable, General Under Honorable Conditions).

VA Health Benefits Card: A valid Veteran Health Identification Card (VHIC) with a photo.

Current correspondence: Current correspondence from the VA indicating eligibility (ie: pension statement).

HSR (Homeless Status Record) via HMIS: We will utilize the Homeless Management Information System to verify if the Veteran is already registered in the system with a "Veteran Status" that has been previously verified by a partner agency like the County Veterans Service Office (CVSO) - to be clear we will still reach out to that agency and request a copy of eligibility verification.

Collaborative Verification:

Data Sharing with the El Dorado County CVSO: For Veterans who have misplaced their paperwork, we will facilitate a direct verification request through the local Veterans Service Office to confirm eligibility.

Documentation for Final Reporting: For the final grant report, we will provide a de-identified aggregate log confirming that 100% of assisted households had a verified veteran status on file. Digital copies of these credentials will be maintained in a secure, HIPAA-compliant folder within our case management system for auditing purposes.

What is the anticipated impact of the project?

The anticipated impact of this project is the establishment of a **diversion pipeline** that prevents Veteran homelessness before it begins. By filling the void left by Only Kindness, we ensure that a **temporary financial crisis does not evolve into a chronic, high-cost humanitarian issue for El Dorado County.**

Quantifiable Social Impact:

Housing Preservation: We expect to keep 10 Veteran households in their current homes, avoiding the trauma of displacement and the loss of local housing stock.

System Efficiency: By providing rapid "gap funding" for deposits and arrears, we reduce the average length of time Veterans spend in homelessness, directly improving the County's Functional Zero metrics.

Cost-Avoidance: Preventing a single episode of homelessness saves thousands in public expenditures related to emergency room visits, law enforcement interactions, and shelter operations. A strategic \$1,500 intervention is a high-yield investment in community stability.

Long-Term Community Impact: Beyond the immediate financial relief, this project reinforces a continuum of care that honors the service of our Veterans. It provides the "soft landing" necessary to maintain their dignity and health during a period of financial transition. Ultimately, the success of this program will be measured by the families who remain safely housed, the children of Veterans who stay in their current schools, and a measurable decrease (or stabilization) in the number of Veterans identified in the annual Point-in-Time Count.

How will you measure the impact of this project/program?

To measure the impact of the Veteran Assistance Fund, Housing El Dorado will utilize a framework that tracks both immediate housing outcomes and long-term community stability. We will move beyond simple "dollars spent" to focus on the following key performance indicators (KPIs):

Housing Stability Rate: The primary metric of success is the 30-day and 90-day retention rate. We will conduct follow-up assessments with every assisted household to confirm they remain in permanent housing. Our goal is an 85% success rate, proving that a one-time intervention creates lasting stability.

Time-to-Housing Reduction: For Veterans currently experiencing homelessness, we will measure the reduction in "Length of Time Homeless" by tracking how quickly our flexible funds (for deposits or arrears) move a household from a shelter or car into a lease.

Diversion Success: We will measure the number of Veterans successfully diverted from the emergency shelter system. Each successful diversion represents a direct cost-saving to El Dorado County's crisis response infrastructure.

Case Management Integration: Impact will also be measured by the number of Veterans who, after receiving emergency funding, are successfully connected to long-term support services (VA benefits, healthcare, or employment programs), ensuring a holistic "soft landing."

All data will be recorded in the Homeless Management Information System (HMIS), allowing us to provide unduplicated, de-identified reports that demonstrate the project's specific contribution to reducing the local Veteran Point-in-Time count.

Is the project/program you are requesting funds for an ongoing program or project? If so, please describe how funding will be found to continue the project upon completion of this grant cycle.

What determines if your program/project continues on in regards to impact?

This project is a one-time, strategic intervention designed specifically to address the unique service gap created by the closure of Only Kindness and the current depletion of state-allocated prevention funds. It is not intended to be a permanent, standalone department, but rather a bridge-funding model with a defined lifecycle.

Sustainability & Future Funding Strategy

While this specific grant supports a critical 12-month "soft landing" period, Housing El Dorado is committed to the long-term stability of the Veteran community through the following transition plan:

Replenishment of Allocations: We anticipate the next cycle of the Homelessness Prevention Program (HPP) to be accessible during the 2027 fiscal year. This grant allows us to maintain a continuous safety net until those larger silos are refilled.

Integration into Core Services: Veterans stabilized through this one-time fund will be integrated into our ongoing advocacy and case management infrastructure. By the end of this grant cycle, these households will have been screened for long-term eligibility for other available programming.

Diverse Revenue Streams: As the lead agency for several housing initiatives in El Dorado County, we continue to cultivate private donations and local charitable support (such as the Women's Fund El Dorado and the Latrobe Fund) to fund life's little emergencies as needed.

Ultimately, the "completion" of this project is defined by the successful transition of the Veteran caseload into a replenished and more robust public funding landscape.

Grant Budget

Grant Program Revenue

| | |
|--|----------|
| Veteran's Grant Amount Requesting | \$ 20000 |
| Other Contributions | \$ 0 |
| Fundraising revenue | \$ 0 |
| Total Revenue | \$ 20000 |

| Other | \$ 17000 |
| Total Expenditures | \$ 20000 |

Budget Narrative

Budget Narrative

1. Personnel / Staff Salaries, Wages, and Benefits: \$3,000 These funds will support the Case Management and Oversight responsible for the direct administration of the fund. Responsibilities include:

Conducting Veteran intake and eligibility verification (DD-214/HMIS).

Performing sustainability assessments to ensure the \$1,500 intervention leads to long-term stability.

Coordinating with the El Dorado County CVSO and Only Kindness during the case-file transition.

Note: This is a subsidized rate leveraging existing Housing El Dorado infrastructure.

2. (Other) Administrative Fees: \$2,000 A standard 10% administrative overhead is applied to cover the essential operational costs associated with restricted fund management. This includes:

Fiscal Oversight: Accounting services to process emergency payments (checks/electronic transfers) directly to third-party vendors (landlords, utility companies, etc.).

Data Management: Costs associated with HMIS (Homeless Management Information System) data entry, tracking, and the generation of mandated impact reports.

Compliance: Ensuring all files meet audit-ready standards for veteran status documentation.

3. (Other) Direct Veteran Household Assistance: \$15,000 The core of this request is dedicated entirely to pass-through financial assistance for Veteran households.

Allocation: Based on an average intervention of \$1,500, these funds will provide a "soft landing" for 10 unduplicated Veteran households.

Usage: Funds are restricted to low-barrier, high-impact needs: security deposits, first month's rent, rental arrears, utility assistance/arrears, emergency shelter, moving & travel costs, transportation costs, pet fees, rental application fees, and essential home modifications.

Direct-to-Vendor Model: To ensure fiscal integrity, no cash payment is given to individuals; all payments are made directly to verified landlords or service providers.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

Based on the information you submitted with your application, we approved your request for reinstatement under Revenue Procedure 2014-11. Your effective date of exemption, as listed at the top of this letter, is retroactive to your date of revocation.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Stephen A. Martin
