

## 2024 Placerville Electronic Annual Report summary

This Annual Report Summary is an official record of your CalRecycle Electronic Annual Report submission, except for your Venue/Event section information, which is contained in a separate report.

You may reach that section from the Electronic Annual Report's left navigation bar. Before submitting your report to CalRecycle, please take the time to review everything on this page to confirm it is complete and correct. If you need to modify some information, close this window to return to the Electronic Annual Report to make your corrections. Then, preview the report again.

Summary Generated On: Tuesday, July 22, 2025, 2:42:34 PM

#### Summary

Jurisdiction: Placerville
Report Year Filed: 2024

Report Status: Submitted

	Compost: Procurement of compost target was met in 2024 by purchasing 328 tons of finished compost from Waste Connections.  Recycled-content paper: On September 27, 2016 (Resolution No. 8464), the City adopted an Environmentally Preferable Purchasing Policy (EPPP). The intent of the EPPP is to encourage and increase the use of environmentally preferable products and services in the City, whenever practical. For example, the City continues to purchase recycled paper products and implement EPPP throughout 2024

Program Name	Program description
	El Dorado Disposal (EDD) offers online bill pay for all customers for reduction of paper waste. EDD advertises free waste audits in their bi-annual newsletter. EDD offers free recycling to garbage service commercial accounts. EDD offers recycling free to commercial and multi-family Unit (MFU) accounts with garbage service. EDD utilized a "pay as you throw" rate structure. Commercial and MFU accounts pay more for larger garbage dumpster and more frequent pickups. In 2024, the Food Bank of El Dorado County and Feeding the Foothills continue to partner with local grocery stores that donate useable food to those in need throughout local area communities. EDD continued to implement AB 341 (Mandatory Commercial Recycling) and SB 1383 & AB 1826 (Mandatory Organics Recycling)
✓ 1050-SR-GOV Government Source Reduction Programs	The City has recycling programs for all City offices and facilities. EDD provided all City offices with mixed recycling collection receptacles. In 2020, mixed recycling receptacles were provided in Town Hall which is often rented out for group use. The mixed recycling material is consolidated at a mixed recycling bin for pick up by EDD. EDD provides free pickup of recyclable materials. City offices recycle confidential mixed paper through Shred City, a secure shredding company. All City offices have recycle bins for collection of recyclable materials (bottles, cans, etc.) The City surplus' furniture and office supplies for reuse by other City staff or other local government agencies and schools. Nearly all office supplies and furniture is reused. The City auctions off any unneeded surplus when available. Containers for collection of spent batteries are also available to City staff. City grounds maintenance staff accumulates green waste that is generated by maintenance activities at City park facilities and is composted at Lions Park or Gold Bug Park; or placed in green waste bins. The composted material is used by facilities for their maintenance projects throughout the City. Diversion quantities are unknown.
	The City has mandatory commercial waste collection. Commercial customers are required to separate into one of two carts: trash and recyclables. Commercial food waste generators (such as restaurants & MFD's) are required to separatetheir waste stream into one of three carts: trash, recyclables, and organics. Dependent upon business type, a brown lid container may be offered or a green lidded container for all organic material. EDD's food-waste program includes provision of food waste only collection bins that has been collected and taken to Northern Recycling Compositing Facility located at the Yolo County Central Landfill.
☑ 2050-RC-SCH School Recycling Programs	EDD provides recycling service to all public school and private schools regardless of size, free of charge. All schools within the City of Placerville are taking advantage of this free program. The schools have significantly reduce their cost of service. EDD has met with the superintendents, principals, teachers, and janitors. EDD has provided blue cubes for use in the classrooms for ease of use for recycling. EDD has staff members trained to assist the schools with classroom curriculum and arrange for tours of the Materials Recovery Facility (MRF) at a time convenient to the individual classroom. EDD also participates in "Ag Day," focused on elementary school-age children. At this event children are introduced to composting and vermiculture. EDD mails information about their free education and recycling program to each school. The program includes tours of EDD's MRF and their composting / reuse garden. In 2024, EDD conducted MRF tours, truck tours, and school presentations on waste processing, recycling, and composting programs.

$\overline{\mathbf{v}}$	3020-CM-COG Commercial On-Site Greenwaste Pick-up	The City has mandatory commercial waste service. Green waste collection is offered with waste service. The green waste collected by EDD and transported to Yolo County Composting Facility to be composted and resold as soil amendment product. Most of the green waste produced on commercial properties are collected and self-hauled by a private landscape maintenance service company. The green waste material is taken to EDD's Diamond Springs Materials Recovery Facility (MRF) and then transported to Yolo County Composting Facility by EDD.
$\square$	3030-CM-CSG Commercial Self-Haul Greenwaste	Commercial green waste self-haulers take material to the MRF in Diamond Springs. Green waste collected by EDD is taken to Northern Recycling Composting located at the Yolo County Central Landfill facility for composting.
	3035-CM-COR Commercial Organics Recycling	Commercial food waste is mixed in with other organic waste at the MRF. This organic waste is currently taken to the Northern Recycling Composting Facility, a private operator leasing space at the Yolo County Central Landfill. Local grocery stores donate useable food to organizations such as the Food Bank of El Dorado County and Feeding the Foothills for distribution to those in need throughout the county.  Green Waste: Green waste is collected by EDD and taken to the MRF in Diamond Springs for storage and then hauled to the Northern Recycling Composting Facility in Yolo County
<b>V</b>	3040-CM-FWC Food Waste Composting	EDD offers food waste recycling to commercial accounts. EDD takes food waste and other organics to the Northern Recycling Composting Facility, a private operator leasing space at the Yolo County Central Landfill.
	3060-CM-GOV Government Composting Programs	City grounds maintenance staff accumulates green waste that is generated by maintenance activities at city parks where the material is composted at Lions Park or Gold Bug Park; or placed in bins for collection by EDD and taken to the MRF. The on-site composted material is used by facilities for their maintenance projects throughout the City. The El Dorado County Fairgrounds maintenance staff stores green waste generated from maintenance of the fairgrounds on-site for composting which is then used in landscaping.
$\overline{\mathbf{V}}$	3070-CM-OTH Other Composting	There is not a composting facility in El Dorado County.

<b>Program Name</b>	Program description
☑ 1010-SR-BCM Backyard and On-Site Composting/Mulching	In early 2024 the City used CalRecycle Grant money (SB1383 Local Assistance Grant FY21-22 OWR1) to have education classes on home composting with Geobins. The City also offered classes on Vermicomposting. The classes were well received and we plan on continuing these classes in the future. The City maintains a "garbage,- recycling, and composting" webpage on its website:https://www.cityofplacerville.org/garbage-recycling-composting. Links are included to EMD's composting website: http://www.edcgov.us/Government/EMD/SolidWaste/Home_Composting.aspx. and El Dorado Disposal. The website provides links to numerous resources for residents who would like to learn how to compost including a localized composting guide that was created by the Regional Recycling Group. The guide provides "how to" descriptions on the various types of composting, troubleshooting, and a questions and answer section.
✓ 1060-SR-MTE Material Exchange, Thrift Shops	There are nine thrift or consignment stores located in the City (Thrifted Cat, Grateful Threads, Violets Are Blue, Vintage Boutique, The Wild Pea Children's Consignment, Placerville Antiques, Placerville Trading Post, Home Inspirations and Sierra Consignment). There are two thrift stores located in close proximity outside the City limits. Snowline Hospice operates a large reuse program that continues to serve County and City residents located on El Dorado Road at U.S. Highway 50 and Goodwill Industries International operates a thrift store on Missouri Flat Road. El Dorado Disposal (EDD) plans to restart their textile recycling in 2024. EDD in conjunction with Cameron Park Rotary, provides for used bicycles that are pulled aside at the MRF and picked up by the local Rotary International. The rescued bicycles are then repaired and refurbished by Folsom Prison inmates and returned to the county to various charities that distribute the bicycles to those in need. Many of the bicycles come from the City and are returned to charities benefiting local children. Resident and businesses may take useable items to local thrift stores and Habitat for Humanity located in the community of El Dorado. The items are sold back to the community. Millwood Furnishings located east of Placerville and Habitat for Humanity accept useable C&D wood and furniture and resells that material back to the community. City residents and businesses are able to take their reusable C&D waste to Millwood Furnishings and Habitat for Humanity. Diversion quantities are unknown.
✓ 2000-RC-CRB Residential Curbside	Placerville has mandatory garbage collection and curbside recycling (City Code Title 7, Chapter 1A, Solid Waste Regulations), and has a franchise agreement with El Dorado Disposal (EDD) for services within the City. EDD utilizes a 3-cart system using green cans with color coded lids: black lids for trash/garbage, blue lids for recycling, and green lids for organic waste. EDD has a residential food waste program in accordance with SB 1383. The program started with a pilot program in November 2021, and organics recycling has expanded to all residential customers starting January of 2022. Customers in the City have either a 64 or 96 gallon recycle cart with a second recycle cart offered to residents free of charge. Recycling is picked up every other week. EDD's side-load trucks have cameras in the hopper to monitor contamination. Residents are provided vouchers for free one-time pick-up of an appliance or a bulk waste item (items with Freon have an extra charge). In addition to cart service, EDD offers one-time per year curbside pick-up vouchers per year for: 1 bulk item, green waste. By appointment, EDD will pick-up curbside used oil/oil filters and household batteries. EDD has expanded curbside service offering bi-annual unlimited green waste collection. EDD uses education and notices to deter customers from placement of non-recyclables in curbside bins. EDD has prepared posters for all three waste streams (garbage, recycling, and food waste) available in the City offices and on the website. Offenders are provided a curtesy notice prior to enforcement.

✓	2010-RC-DRP Residential Drop-Off	Residents may drop off metal, e-waste, HHW, florescent bulbs, cardboard, newspaper, plastic, household batteries, mattresses and bicycles free of charge at the EDD MRF in Diamond Springs. Residents are provided vouchers for free one time drop off of 2.5 cubic yards of debris or a bulk waste item (items containing Freon have an extra charge). EDD will levy extra fees on those residents that do not sort recycling materials prior to entering the MRF.
5	2020-RC-BYB Residential Buy-Back	EDD offers buyback for bottles and cans at three locations in the county: in Diamond Springs adjacent to the MRF, El Dorado Hills, and Cameron Park. The City has one privately operated buyback CRV recycling center, Town Clean Recycle Center located at 1770 Broadway.
	3000-CM-RCG Residential Curbside Greenwaste Collection	The City has a mandatory waste collection. Customers are given a 96 gallon green waste cart by EDD with their mandatory waste service. An extra green waste cart is available to all residents free of charge upon request. Green waste is picked-up bi-weekly alternating with recycling. Residential food waste is disposed of in the green waste bins. Residential customers may place food waste in compostable bags. Curbside vouchers can be used for up to 2.5 cubic yards of green waste free collection at curbside. Residential green waste / food waste is taken to Northern Recycling Composting Facility at the Yolo County Central Landfill.  Note: In 2024 City residents had the option to burn their (yard) green waste on site on approved "burn days."
V	3010-CM-RSG Residential Self-haul Greenwaste	EDD provides a once per year voucher for free green waste drop-off up of up to 2.5 cubic yards at their Materials Recovery Facility (MRF) in Diamond Springs. EDD also donates vouchers and provides a discount to fire safe councils to eliminate organic wastes and limit the fire danger in the community

## **Education and Outreach: Placerville (2024)**

## SLCP, MCR, MORe, and SRRE/HHWE Education and Outreach (combined)

	What type of education and outreach were provided to all generators, including organic waste generators, and how many generators received each type of education and outreach? (Includes education and outreach for SLCP, MORe, MCR, and SRRE/HHWE) Select all that apply.

Placerville	$\overline{\checkmark}$	3,058	$\overline{\checkmark}$	3,058		402			

Jurisdiction Name	Describe SLCP, MCR, MORe, and SRRE/HHWE education and outreach
Placerville	El Dorado Disposal has provided printed and digital education materials to all commercial and residential customers. EDD sends out an annual tri-fold mailer to inform customers on how to conduct programs successfully. Customers were also notified by "call blast," mail and email notifications.

	What type of education and outreach were provided to commercial edible food generators and how many generators received each type of education and outreach? Select all that apply.								
Jurisdiction Name	Print	Number of edible food generators that received material		Number of edible food generators that received material	contact	Number of edible food generators that received material		Number of edible food generators that received material	
Placerville		5	$\overline{\checkmark}$	5	$\overline{\checkmark}$	5			

Jurisdiction Name	Describe education and outreach selected
Placerville	EDD provided all commercial food generators with educational handouts on waste diversion and organic food collection. We have five commercial edible food generators in the City limits of Placerville. They are: Grocery Outlet, Save Mart, Raleys, Denny's and Marshall Hospital

<b>Program Name</b>	Program description
✓ 5000-ED-ELC Electronic (radio ,TV, web, hotlines)	EDD, and the City maintains their website, Facebook and Instagram to inform the public on collection events. EDD produces a bi-annual printed newsletter which is mailed with the local mail advertisements, distributed throughout the community, and posted on their website. The EDD website contain information on recycling programs offered to county residents (includes City Residents) including, but not limited to: Buyback centers, AB 939, SB 1383, AB 341, AB 1826, C&D, Hazardous Household Waste collection events, used oil, waste tire amnesty, e-waste, paint, mattresses, green waste, composting, chipping, sharps, etc. Their website and social media pages are regularly updated to inform customers of the latest news regarding recycling. This information is produced for both residential customers and commercial/MFU customers.
✓ 5010-ED-PRN Print (brochures, flyers, guides, news articles)	In 2024 informational brochures, pamphlets, and fact sheets on source reduction, recycling, and composting were distributed to the public by EDD. Welcome packets and annual waste guides are produced and mailed to each new customer and current customers including recycling materials which go to residential and commercial/MFD customers. Informational brochures and pamphlets are also available at the City offices.
✓ 5020-ED-OUT Outreach (tech assistance, presentations, awards, fairs, field trips)	EDD participated at the 2024 Home and Garden Show at the County Fairgrounds, and Ag Day for schools. Another event was Community Compost Event that we held at the Community Compost pile at 600 Truck Street. Education was provided on composting, vermicomposting, and resource conservation. At all events, EDD promotes their recycling and diversion programs and shares information on home composting, worm bins, community gardens and other types of recycling. EDD provides waste audits for their commercial and multi-family unit customers. EDD has an educational garden behind their main office on Truck Street for tours for any group interested in learning about gardening, water conservation, vermiculture, composting, and other types of recycling for benches, tires, bird feeders, etc.
✓ 5030-ED-SCH Schools (education and curriculum)	El Dorado Disposal provides an educational program and curriculum that promotes waste reduction and recycling. Tours of the Materials Recovery Facility (MRF) are provided for schools free of charge. EDD's MRF tour includes a look at their "upcycling" (repurposing something that would have otherwise been disposed of), composting/vermiculture garden.
☑ 9040-HH-EDP Education Programs	The County Environmental Management Department (EMD) and El Dorado Disposal (EDD) each advertised their HHW programs online:  EMD:http://www.edcgov.us/Government/EMD/HazardousMaterials/Household_Hazardous_Waste_Collections_Facilities.a spx  EDD: http://www.eldoradodisposal.com/MRF.aspx  EDD also sends out information about their respective Hazardous Household Waste to their residential customers annually. Information is shared with the public at public events where EDD hosts a booth. The City provides links on its website for customers.

#### **Inerts**

- ☑ Asphalt Paving
- ✓ Brick
- ☑ Concrete/cement
- ☑ Gypsum Board/drywall
- ☑ Rock, soils and fines
- ☑ Mixed C + D

Pr	ogram Name	Program description
<b>V</b>	2070-RC-SNL Special Collection Seasonal (regular)	Christmas trees are picked up curbside or accepted at the Materials Recovery Facility (MRF) free of charge through the second week of January.
<b>V</b>	2080-RC-SPE Special Collection Events	The City and El Dorado Disposal (EDD) provided a Spring community clean-up event. This event includes providing bins for depositing trash, general recycling, yard waste, metal objects, and appliances (without Freon). This Spring event was held on May 18, 2024.
<b>V</b>	4010-SP-SLG Sludge (sewage/industrial)	Sewage Sludge/Biosolids from the City's Hangtown Creek Water Reclamation Facility is sent to Silva Ranch for land application. The Class "B" sludge is collected by Synagro, out of Rancho Cordova. The composted sludge is used for agricultural land applications. The reported tonnage is the "dry" metric tons.
$\overline{\checkmark}$	4020-SP-TRS Tires	Tires collection by EDD at the MRF are trucked to Crumb Rubber Manufactures (RD-13412).
$\square$	4030-SP-WHG White Goods	El Dorado Disposal's Material Recovery Facility accepts white goods from Placerville residents. El Dorado Disposal (EDD) customers have a one-time per year voucher for curbside pick-up of a bulk-item (includes white goods, items with Freon will have a small fee). They also have a voucher for a one-time self-haul to the MRF of a bulk-item (includes white goods, items with Freon have a small fee) or debris. White goods are evacuated of Freon at the MRF prior to recycling.
<b>V</b>	4040-SP-SCM Scrap Metal	El Dorado Disposal (EDD) accepts all metals free of charge at the Materials Recovery Facility (MRF). Metal is also recovered from the C&D sort line. EDD transports the collected metal to Schnitzer Steel in Rancho Cordova to be recycled.
<b>V</b>	4050-SP-WDW Wood Waste	Clean wood waste is accepted at the El Dorado Disposal Materials Recovery Facility in Diamond Springs. Wood waste is also salvaged from the MSW sort-line and the C&D sort line. Wood and green waste goes to Northern Recycling Composting located at the Yolo County Central Landfill facility to be processed into mulch or to be composted.
$\overline{\mathbf{A}}$	4060-SP-CAR Concrete/Asphalt/Rubble	The MRF operated by EDD accepts C&D material through it's roll-off operations. Contractors and City Public Works send waste concrete and asphalt to Able Asphalt and Concrete Recycler located in Diamond Springs.
$\overline{\checkmark}$	4090-SP-RND Rendering	Sacramento Rendering Company collects material (used cooking oils, fats, and bone) from restaurants and supermarkets on the west slope of El Dorado County for recycling. Collected animal carcasses (road kill) are also collected and taken to Sacramento Rendering. Sacramento Rendering provides the tank and pickup of cooking oils free of charge.
	6010-PI-EIN Economic Incentives	The City of Placerville, in partnership with EDD, offers variable cart sizes with varying rates to encourage recycling. Residential and commercial/MFU customers can recycle free of charge and reduce their trash service cost by diverting more materials. Discounted rates are available for all seniors. EDD offers no charge or reduced rates for all separated recyclable materials at their MRF. The County operates and the City participates in the El Dorado Recycling Market Development Zone (RMDZ). This program offers incentives to companies that use recyclable materials in their operations in the County and City.

# **Household Hazardous Waste Programs: Placerville (2024)**

Program Name	Program description		
☑ 9000-HH-PMF Permanent Facility	Household hazardous waste is accepted at El Dorado Disposal's Materials Recovery Facility in Diamond Springs on Fridays, Saturdays, Sundays from 9:00 am to 4:00 p.m. Materials that are accepted include: acids, aerosol cans, antifreeze, auto product, ballasts, batteries, auto batteries, flares, extinguishers, contaminated debris, flammable liquid, fluorescent tubes and bulbs, CFL bulbs, HID halogen bulbs, U-tubes, gas cylinders, janitorial products, oxidizers-solid & liquid, narcotics, mercury, oil, oil filters, oil soaked rags, oil & water based paint, pesticides, propane tanks (under 5-gal.) and toxic solids & liquids. Explosives, asbestos, oxygen tanks, and propane tanks greater than 5-gal. are not accepted. There are 12 certified used oil collection centers in El Dorado County; however, only 1 is in the City of Placerville in addition to EDD MRF.		
☑ 9010-HH-MPC Mobile or Periodic Collection	No mobile or temporary events were held in 2024		
☑ 9020-HH-CSC Curbside Collection	El Dorado Disposal (EDD) provides curbside collection program for used oil, used oil filters & household batteries. Customers must contact EDD and schedule an appointment for pickup of these hazardous materials.		
	The City and County did not have any Waste Exchange programs in 2024		
	E-Waste is collected free of charge at EDD's MRF in Diamond Springs. All these locations are open to all County residents. EDD sends out information about their HHWs, including e-waste, collection programs to their residential customers annually. Information is also shared with the public at the Home and Garden Show and other community events.		

#### **Disposal Rate Calculation: Placerville (2024)**

#### **Definition of Terms**

"Disposal" - Resources Code - PRC 40192. (a) Except as provided in subdivisions (b) and (c), "solid waste disposal," "disposal," or "dispose" means the final deposition of solid wastes onto land, into the atmosphere, or into the waters of the state. (b) For purposes of Part 2 (commencing with Section 40900), "solid waste disposal," "dispose," or "disposal" means the management of solid waste through landfill disposal, transformation, or EMSW conversion, at a permitted solid waste facility, unless the term is expressly defined otherwise.(c) For purposes of Chapter 16 (commencing with Section 42800) and Chapter 19 (commencing with Section 42950) of Part 3, Part 4 (commencing with Section 43000), Part 5 (commencing with Section 45000), Part 6 (commencing with Section 45030), and Chapter 2 (commencing with Section 47901) of Part 7, "solid waste disposal," "dispose," or "disposal" means the final deposition of solid wastes onto land.

Reporting-Year Disposal Amount (tons) – Defaults to the total tonnage disposed in the Reporting-Year by a jurisdiction as reported to the Recycling and Disposal Reporting System (RDRS). This total disposal contains all jurisdiction waste that was disposed in CA landfills (including Green Material ADC), transformation facilities, EMSW facilities, and exported out-of-state (including Green Material Potential Beneficial Reuse Exported), except for declared disaster debris disposal and disposal in Class II facilities, as those two types of tonnage are no longer tracked by jurisdiction of origin. Any changes will require you submit a Reporting Reporting Year Disposal Modification Certification Sheet (PDF). See User's Guide or contact LAMD representative if uncertain.

**Disposal Reduction Credits** – the EAR calculator will subtract these credits from your requested total in the Reporting-Year Disposal Amount field. Requesting credits will require you submit a Reporting Year Disposal Modification Certification Sheet (PDF). Descriptions of these credits can be found on that sheet. See EAR User's Guide or contact LAMD representative if uncertain.

**Reporting-Year Population** – January 1st estimate of the number of inhabitants occupying a jurisdiction in the Reporting-Year as prepared by the California Department of Finance (DOF)

**Reporting-Year Employment** – the estimate of the annual average number of employees by jurisdiction in the Reporting-Year as prepared by the California Employment Development Department (EDD).

#### **Calculation Factors: Placerville (2024)**

Dispo	sal Rate Accuracy
1.	Are there extenuating circumstances pertaining to your jurisdiction's disposal rate that CalRecycle should consider, as authorized by the <a href="Public Resources Code Section 41821(c)">Public Resources Code Section 41821(c)</a> ? If you wish to attach additional information to your annual report, please send those items or electronic files to your LAMD representative; include a brief description of those files below. If so, please use the space below to tell CalRecycle.
	☐ Yes. Please use the space below to tell CalRecycle.
	☑ No.

#### **Calculation Factors**

If either 1. Alternative disposal or 2. Deductions to RDRS boxes are checked, please complete, and sign the Reporting Year Disposal Modification

Certification Sheet (PDF) and save to your computer. You may enter the data and save the Disposal Modification Form to you rcomputer. Then either upload the sheet and supporting documentation using the Document Upload Section before submitting your report, or mail, e-mail or FAX to CalRecycle within 7 business days of submitting your report. If you are only claiming report-year disposal deductions for waste transported to a certified Transformation facility, you do not need to fill out the certification request.

If 3. Green Material ADC (AB 1594) box is checked: Pursuant to Public Resources Code (PRC) Section 41781.3 [(AB) 1594 (Williams, Chapter 719, Statutes of 2014)], beginning in the 2017 EAR jurisdictions are required to include information on plans to address how green material that is being used as ADC will be diverted. Jurisdictions can review disposal facilities that assigned green material ADC and the amount by using the RDRS Reports: Jurisdiction Disposal and Beneficial Reuse by Destination.

More information and brief instructions for using the inflow/outflow map is available on <u>CalRecycle's Green Material Used as Alternative Daily Cover (ADC)</u> webpage.

1. Alternative disposal tonnage	
2. Deductions to RDRS disposal tonnage	
3. Green Material ADC (AB1594)	
2024 Placerville Green Material ADC (tons): 0.00

## **Facilities: Placerville (2024)**

## **SRRE Programs Program Name Program description** El Dorado Disposal (EDD) operates a Material Recovery Facility (MRF) in Diamond Springs. EDD entered into a new **1** 7000-FR-MRF MRF Solid Waste Services Agreement with El Dorado County in the fall of 2014. Within that agreement, EDD was to be building a new MRF. Construction of the new MRF began in 2020 and is scheduled was completed in early 2025. The MRF hosts a permanent HHW collection facility which is open Friday, Saturday, and Sunday each week 9:00 am to 4:00 pm The only operating landfill in El Dorado County is the Union Mine Landfill located in El Dorado. This landfill is closed to ▼ 7010-FR-LAN Landfill the public and only accepts sewage sludge from the on-site wastewater treatment plant. Waste from Placerville is exported out of the county to Potrero Hills, Forward Landfill, and Kiefer Landfill **1** 7020-FR-TST Transfer El Dorado Disposal's Materials Recovery Facility located in Diamond Springs functions as a transfer station. The transfer Station station has a salvage program to pull out white goods, metals etc. The transfer station operates Monday through Sunday, 8 am to 5 pm. ▼ 7030-FR-CMF Composting There are no composting facilities in the City of Placerville or El Dorado County. EDD takes organics waste to the Northern Recycling Composting facility located at the Yolo County Central Landfill for Composting. Materials **Facility** composted include green waste, untreated wood from C&D, tree and shrub branches, and pine needles. Food waste is taken to the Northern Recycling Composting Facility located at the Yolo County Central Landfill. (Note: branches are accepted at the MRF, large stumps are not.) In accordance with new CalRecycle guidelines, organic waste is no longer used as Alternative Daily Cover (ADC). **1** 7040-FR-ADC Alternative Daily Cover **№** 8010-TR-BIO Biomass There are no biomass facilities operating or under consideration in the County of El Dorado or in the City of Placerville. ✓ 8020-TR-TRS Tires Tires collected by EDD with rim and without are sent to Crumb Rubber Manufactures (RD-13412).

	Other ordinances (describe below)

# SRRE Programs

Program Name	Program description
	The City of Placerville has a "Solid Waste Regulations" Ordinance (City Code Title 7, Chapter 1A) requiring mandatory garbage collection. The City enforces CalGreen's Construction and Demolition Debris Recycling regulations and has produced it's own forms for implementation of the requirements. The City adopted an Environmental Preferable Purchase Policy (Resolution No. 8464) on September 27, 2016 to assist City staff in it's purchases of office equipment, paper, supplies, etc., and to seek post-consumer recycled products. The City adopted the Organic Waste Disposal Reduction Ordinance on December 14, 2021, becoming effective on January 13, 2022 allowing for enforcement of non-compliance. The City plans on making necessary revisions to the franchise agreement with EDD in 2023. The City is considering preparation of a C&D ordinance.

# **Planning Documents: Placerville (2024)**

Rural Petition for Reduction
Was your jurisdiction granted a Rural Petition for Reduction by CalRecycle? See <u>Jurisdictions with an Approved Petition for Rural Reduction</u> . For more information regarding Rural Petition for Reduction, go to <u>Rural Solid Waste Diversion Home Page</u> .  Yes. If yes, please discuss whether the conditions under which the petition was granted still apply.  No.
Source Reduction and Recycling Element (SRRE)
Does the SRRE need to be revised?
Yes. Explain below why the SRRE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report, SB 1066 time extension or alternative diversion requirement report, compliance order, etc. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
No. Please add any notes or updates below.

## Household Hazardous Waste Element (HHWE)

	Doe:	s the HHWE need to be revised?
		Yes. Explain below why the HHWE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
	<b>V</b>	No. Please add any notes or updates below.
Non-E	Dispo	sal Facility Element (NDFE)
		ribe below any changes in the use of <u>non-disposal facilities</u> , both existing and planned (e.g., is the jurisdiction using a rent facility within or outside of the jurisdiction, has a facility closed, is a new one being planned).
	Ther	e are no non-disposal facilities
		there currently any non-disposal facilities that require a solid waste facility permit located (or planned to be sited) in your diction that are not identified in your NDFE?  Yes. Your NDFE may need to be amended before the permit for this facility comes before CalRecycle for concurrence. If the facility is not identified in the NDFE, the permit may not be in conformance with your NDFE, and the permit may be denied. See CalRecycle's NDFE Guidelines at <a href="https://www.calrecycle.ca.gov/LGCentral/Library/Policy/NDFEGuide.htm">https://www.calrecycle.ca.gov/LGCentral/Library/Policy/NDFEGuide.htm</a> and contact your LAMD representative if you have any questions about the need to amend your NDFE.  No. Please add notes or updates below.

## Areas of concern

Did CalRecycle require your jurisdiction to address any areas of concern when determining the adequacy of your solid waste planning documents, or any of their elements?	
<ul><li>Yes. Below, discuss the actions taken to address the areas of concern.</li><li>No.</li></ul>	
The City and it's hauler, EDD are working on adding SLCP requirements into their franchise agreement.	
Conditional approvals	
Did CalRecycle give conditional approval to any of your solid waste planning documents, or any of their elements?	
$\square$ Yes. Below, discuss the actions taken gain full approval of the plan/elements.	
☑ No.	

## **Additional Information and Document Management: Placerville (2024)**

## **SRRE and HHWE Diversion Programs**

1010-SR-BCM (Backyard and On-Site Composting/Mulching)			
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes	
	Report Year Diversion Tons: 0	Selected in SRRE: Yes	
		Owned or Operated: No	

#### Jurisdiction Notes:

In early 2024 the City used CalRecycle Grant money (SB1383 Local Assistance Grant FY21-22 OWR1) to have education classes on home composting with Geobins. The City also offered classes on Vermicomposting. The classes were well received and we plan on continuing these classes in the future. The City maintains a "garbage,- recycling, and composting" webpage on its website:https://www.cityofplacerville.org/garbage-recycling-composting. Links are included to EMD's composting website: http://www.edcgov.us/Government/EMD/SolidWaste/Home\_Composting.aspx. and El Dorado Disposal. The website provides links to numerous resources for residents who would like to learn how to compost including a localized composting guide that was created by the Regional Recycling Group. The guide provides "how to" descriptions on the various types of composting, troubleshooting, and a questions and answer section.

## 1020-SR-BWR (Business Waste Reduction Program)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

El Dorado Disposal (EDD) offers online bill pay for all customers for reduction of paper waste. EDD advertises free waste audits in their biannual newsletter. EDD offers free recycling to garbage service commercial accounts. EDD offers recycling free to commercial and multi-family Unit (MFU) accounts with garbage service. EDD utilized a "pay as you throw" rate structure. Commercial and MFU accounts pay more for larger garbage dumpster and more frequent pickups. In 2024, the Food Bank of El Dorado County and Feeding the Foothills continue to partner with local grocery stores that donate useable food to those in need throughout local area communities. EDD continued to implement AB 341 (Mandatory Commercial Recycling) and SB 1383 & AB 1826 (Mandatory Organics Recycling)

1030-SR-PMT (Procurement)				
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No		
	Report Year Diversion Tons: 0	Selected in SRRE: Yes		
		Owned or Operated: Yes		

Compost: Procurement of compost target was met in 2024 by purchasing 328 tons of finished compost from Waste Connections.

Recycled-content paper: On September 27, 2016 (Resolution No. 8464), the City adopted an

Environmentally Preferable Purchasing Policy (EPPP). The intent of the EPPP is to encourage and increase the use of environmentally preferable products and services in the City, whenever practical. For example, the City continues to purchase recycled paper products and implement EPPP throughout 2024

1050-SR-GOV (Government Source Reduction Programs)				
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No		
	Report Year Diversion Tons: 0	Selected in SRRE: Yes		
		Owned or Operated: Yes		

#### Jurisdiction Notes:

The City has recycling programs for all City offices and facilities. EDD provided all City offices with mixed recycling collection receptacles. In 2020, mixed recycling receptacles were provided in Town Hall which is often rented out for group use. The mixed recycling material is consolidated at a mixed recycling bin for pick up by EDD. EDD provides free pickup of recyclable materials. City offices recycle confidential mixed paper through Shred City, a secure shredding company. All City offices have recycle bins for collection of recyclable materials (bottles, cans, etc.) The City surplus' furniture and office supplies for reuse by other City staff or other local government agencies and schools. Nearly all office supplies and furniture is reused. The City auctions off any unneeded surplus when available. Containers for collection of spent batteries are also available to City staff. City grounds maintenance staff accumulates green waste that is generated by maintenance activities at City park facilities and is composted at Lions Park or Gold Bug Park; or placed in green waste bins. The composted material is used by facilities for their maintenance projects throughout the City. Diversion quantities are unknown.

## 1060-SR-MTE (Material Exchange, Thrift Shops)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

There are nine thrift or consignment stores located in the City (Thrifted Cat, Grateful Threads, Violets Are Blue, Vintage Boutique, The Wild Pea Children's Consignment, Placerville Antiques, Placerville Trading Post, Home Inspirations and Sierra Consignment). There are two thrift stores located in close proximity outside the City limits. Snowline Hospice operates a large reuse program that continues to serve County and City residents located on El Dorado Road at U.S. Highway 50 and Goodwill Industries International operates a thrift store on Missouri Flat Road. El Dorado Disposal (EDD) plans to restart their textile recycling in 2024. EDD in conjunction with Cameron Park Rotary, provides for used bicycles that are pulled aside at the MRF and picked up by the local Rotary International. The rescued bicycles are then repaired and refurbished by Folsom Prison inmates and returned to the county to various charities that distribute the bicycles to those in need. Many of the bicycles come from the City and are returned to charities benefiting local children. Resident and businesses may take useable items to local thrift stores and Habitat for Humanity located in the community of El Dorado. The items are sold back to the community. Millwood Furnishings located east of Placerville and Habitat for Humanity accept useable C&D wood and furniture and resells that material back to the community. City residents and businesses are able to take their reusable C&D waste to Millwood Furnishings and Habitat for Humanity. Diversion quantities are unknown.

#### 2000-RC-CRB (Residential Curbside)

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

Placerville has mandatory garbage collection and curbside recycling (City Code Title 7, Chapter 1A, Solid Waste Regulations), and has a franchise agreement with El Dorado Disposal (EDD) for services within the City. EDD utilizes a 3- cart system using green cans with color coded lids: black lids for trash/garbage, blue lids for recycling, and green lids for organic waste. EDD has a residential food waste program in accordance with SB 1383. The program started with a pilot program in November 2021, and organics recycling has expanded to all residential customers starting January of 2022. Customers in the City have either a 64 or 96 gallon recycle cart with a second recycle cart offered to residents free of charge. Recycling is picked up every other week. EDD's side-load trucks have cameras in the hopper to monitor contamination. Residents are provided vouchers for free one-time pick-up of an appliance or a bulk waste item (items with Freon have an extra charge). In addition to cart service, EDD offers one-time per year curbside pick-up vouchers per year for: 1 bulk item, green waste. By appointment, EDD will pick-up curbside used oil/oil filters and household batteries. EDD has expanded curbside service offering bi-annual unlimited green waste collection. EDD uses education and notices to deter customers from placement of non-recyclables in curbside bins. EDD has prepared posters for all three waste streams (garbage, recycling, and food waste) available in the City offices and on the website. Offenders are provided a curtesy notice prior to enforcement.

## 2010-RC-DRP (Residential Drop-Off)

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

Residents may drop off metal, e-waste, HHW, florescent bulbs, cardboard, newspaper, plastic, household batteries, mattresses and bicycles free of charge at the EDD MRF in Diamond Springs. Residents are provided vouchers for free one time drop off of 2.5 cubic yards of debris or a bulk waste item (items containing Freon have an extra charge). EDD will levy extra fees on those residents that do not sort recycling materials prior to entering the MRF.

## 2020-RC-BYB (Residential Buy-Back)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

EDD offers buyback for bottles and cans at three locations in the county: in Diamond Springs adjacent to the MRF, El Dorado Hills, and Cameron Park. The City has one privately operated buyback CRV recycling center, Town Clean Recycle Center located at 1770 Broadway.

### 2030-RC-OSP (Commercial On-Site Pickup)

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### Jurisdiction Notes:

The City has mandatory commercial waste collection. Commercial customers are required to separate into one of two carts: trash and recyclables. Commercial food waste generators (such as restaurants & MFD's) are required to separatetheir waste stream into one of three carts: trash, recyclables, and organics. Dependent upon business type, a brown lid container may be offered or a green lidded container for all organic material. EDD's food-waste program includes provision of food waste only collection bins that has been collected and taken to Northern Recycling Compositing Facility located at the Yolo County Central Landfill.

## 2050-RC-SCH (School Recycling Programs)

Current Status: SO - Selected and Ongoing	Program Start Year: 2012	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

EDD provides recycling service to all public school and private schools regardless of size, free of charge. All schools within the City of Placerville are taking advantage of this free program. The schools have significantly reduce their cost of service. EDD has met with the superintendents, principals, teachers, and janitors. EDD has provided blue cubes for use in the classrooms for ease of use for recycling. EDD has staff members trained to assist the schools with classroom curriculum and arrange for tours of the Materials Recovery Facility (MRF) at a time convenient to the individual classroom. EDD also participates in "Ag Day," focused on elementary school-age children. At this event children are introduced to composting and vermiculture. EDD mails information about their free education and recycling program to each school. The program includes tours of EDD's MRF and their composting / reuse garden. In 2024, EDD conducted MRF tours, truck tours, and school presentations on waste processing, recycling, and composting programs.

2070-RC-SNL (Special Collection Seasonal (regular))			
Current Status: AO - Alternative and Ongoing	Program Start Year: 1994	Existed before 1990: No	
	Report Year Diversion Tons: 0	Selected in SRRE: No	
		Owned or Operated: No	
Jurisdiction Notes: Christmas trees are picked up curbside or accepted at the Materials Recovery Facility (MRF) free of charge through the second week of January.			

## 2080-RC-SPE (Special Collection Events)

Current Status: AO - Alternative and Ongoing	Program Start Year: 1994	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

The City and El Dorado Disposal (EDD) provided a Spring community clean-up event. This event includes providing bins for depositing trash, general recycling, yard waste, metal objects, and appliances (without Freon). This Spring event was held on May 18, 2024.

### **3000-CM-RCG (Residential Curbside Greenwaste Collection)**

Current Status: AO - Alternative and Ongoing	Program Start Year: 1980	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

The City has a mandatory waste collection. Customers are given a 96 gallon green waste cart by EDD with their mandatory waste service. An extra green waste cart is available to all residents free of charge upon request. Green waste is picked-up bi-weekly alternating with recycling. Residential food waste is disposed of in the green waste bins. Residential customers may place food waste in compostable bags. Curbside vouchers can be used for up to 2.5 cubic yards of green waste free collection at curbside. Residential green waste / food waste is taken to Northern Recycling Composting Facility at the Yolo County Central Landfill.

Note: In 2024 City residents had the option to burn their (yard) green waste on site on approved "burn days."

## 3010-CM-RSG (Residential Self-haul Greenwaste)

Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

EDD provides a once per year voucher for free green waste drop-off up to 2.5 cubic yards at their Materials Recovery Facility (MRF) in Diamond Springs. EDD also donates vouchers and provides a discount to fire safe councils to eliminate organic wastes and limit the fire danger in the community

#### 3020-CM-COG (Commercial On-Site Greenwaste Pick-up)

Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

The City has mandatory commercial waste service. Green waste collection is offered with waste service. The green waste collected by EDD and transported to Yolo County Composting Facility to be composted and resold as soil amendment product. Most of the green waste produced on commercial properties are collected and self-hauled by a private landscape maintenance service company. The green waste material is taken to EDD's Diamond Springs Materials Recovery Facility (MRF) and then transported to Yolo County Composting Facility by EDD.

#### **3030-CM-CSG (Commercial Self-Haul Greenwaste)**

Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

Commercial green waste self-haulers take material to the MRF in Diamond Springs. Green waste collected by EDD is taken to Northern Recycling Composting located at the Yolo County Central Landfill facility for composting.

## **3035-CM-COR (Commercial Organics Recycling)**

Current Status: AO - Alternative and Ongoing	Program Start Year: 2016	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

Commercial food waste is mixed in with other organic waste at the MRF. This organic waste is currently taken to the Northern Recycling Composting Facility, a private operator leasing space at the Yolo County Central Landfill. Local grocery stores donate useable food to organizations such as the Food Bank of El Dorado County and Feeding the Foothills for distribution to those in need throughout the county. Green Waste: Green waste is collected by EDD and taken to the MRF in Diamond Springs for storage and then hauled to the Northern Recycling Composting Facility in Yolo County

## 3040-CM-FWC (Food Waste Composting)

Current Status: SO - Selected and Ongoing	Program Start Year: 2014	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No

		Owned or Operated: No
Jurisdiction Notes: EDD offers food waste recycling to commercial accoun Facility, a private operator leasing space at the Yolo Co		to the Northern Recycling Composting

Tires collection by EDD at the MRF are trucked to Crumb Rubber Manufactures (RD-13412).

#### 4030-SP-WHG (White Goods)

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

El Dorado Disposal's Material Recovery Facility accepts white goods from Placerville residents. El Dorado Disposal (EDD) customers have a one-time per year voucher for curbside pick-up of a bulk-item (includes white goods, items with Freon will have a small fee). They also have a voucher for a one-time self-haul to the MRF of a bulk-item (includes white goods, items with Freon have a small fee) or debris. White goods are evacuated of Freon at the MRF prior to recycling.

### 4040-SP-SCM (Scrap Metal)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

#### **Jurisdiction Notes:**

El Dorado Disposal (EDD) accepts all metals free of charge at the Materials Recovery Facility (MRF). Metal is also recovered from the C&D sort line. EDD transports the collected metal to Schnitzer Steel in Rancho Cordova to be recycled.

## 4050-SP-WDW (Wood Waste)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

Clean wood waste is accepted at the El Dorado Disposal Materials Recovery Facility in Diamond Springs. Wood waste is also salvaged from the MSW sort-line and the C&D sort line. Wood and green waste goes to Northern Recycling Composting located at the Yolo County Central Landfill facility to be processed into mulch or to be composted.

## 4060-SP-CAR (Concrete/Asphalt/Rubble)

Current Status: AO - Alternative and Ongoing	Program Start Year: 1999	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

The MRF operated by EDD accepts C&D material through it's roll-off operations. Contractors and City Public Works send waste concrete and asphalt to Able Asphalt and Concrete Recycler located in Diamond Springs.

### 4090-SP-RND (Rendering)

Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

Sacramento Rendering Company collects material (used cooking oils, fats, and bone) from restaurants and supermarkets on the west slope of El Dorado County for recycling. Collected animal carcasses (road kill) are also collected and taken to Sacramento Rendering. Sacramento Rendering provides the tank and pickup of cooking oils free of charge.

#### 5000-ED-ELC (Electronic (radio ,TV, web, hotlines))

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

EDD, and the City maintains their website, Facebook and Instagram to inform the public on collection events. EDD produces a bi-annual printed newsletter which is mailed with the local mail advertisements, distributed throughout the community, and posted on their website. The EDD website contain information on recycling programs offered to county residents (includes City Residents) including, but not limited to: Buyback centers, AB 939, SB 1383, AB 341, AB 1826, C&D, Hazardous Household Waste collection events, used oil, waste tire amnesty, e-waste, paint, mattresses, green waste, composting, chipping, sharps, etc. Their website and social media pages are regularly updated to inform customers of the latest news regarding recycling. This information is produced for both residential customers and commercial/MFU customers.

## 5010-ED-PRN (Print (brochures, flyers, guides, news articles))

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### Jurisdiction Notes:

In 2024 informational brochures, pamphlets, and fact sheets on source reduction, recycling, and composting were distributed to the public by EDD. Welcome packets and annual waste guides are produced and mailed to each new customer and current customers including recycling materials which go to residential and commercial/MFD customers. Informational brochures and pamphlets are also available at the City offices.

## 5020-ED-OUT (Outreach (tech assistance, presentations, awards, fairs, field trips))

Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes

o the state of the
--

EDD participated at the 2024 Home and Garden Show at the County Fairgrounds, and Ag Day for schools. Another event was Community Compost Event that we held at the Community Compost pile at 600 Truck Street. Education was provided on composting, vermicomposting, and resource conservation. At all events, EDD promotes their recycling and diversion programs and shares information on home composting, worm bins, community gardens and other types of recycling. EDD provides waste audits for their commercial and multi-family unit customers. EDD has an educational garden behind their main office on Truck Street for tours for any group interested in learning about gardening, water conservation, vermiculture, composting, and other types of recycling for benches, tires, bird feeders, etc.

#### 5030-ED-SCH (Schools (education and curriculum))

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

El Dorado Disposal provides an educational program and curriculum that promotes waste reduction and recycling. Tours of the Materials Recovery Facility (MRF) are provided for schools free of charge. EDD's MRF tour includes a look at their "upcycling" (repurposing something that would have otherwise been disposed of), composting/vermiculture garden.

### 6010-PI-EIN (Economic Incentives)

Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

The City of Placerville, in partnership with EDD, offers variable cart sizes with varying rates to encourage recycling. Residential and commercial/MFU customers can recycle free of charge and reduce their trash service cost by diverting more materials. Discounted rates are available for all seniors. EDD offers no charge or reduced rates for all separated recyclable materials at their MRF. The County operates and the City participates in the El Dorado Recycling Market Development Zone (RMDZ). This program offers incentives to companies that use recyclable materials in their operations in the County and City.

## 6020-PI-ORD (Ordinances)

Current Status: SO - Selected and Ongoing	Program Start Year: 2000	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

The City of Placerville has a "Solid Waste Regulations" Ordinance (City Code Title 7, Chapter 1A) requiring mandatory garbage collection. The City enforces CalGreen's Construction and Demolition Debris Recycling regulations and has produced it's own forms for implementation of the requirements. The City adopted an Environmental Preferable Purchase Policy (Resolution No. 8464) on September 27, 2016 to assist City staff in it's purchases of office equipment, paper, supplies, etc., and to seek post-consumer recycled products. The City adopted the Organic Waste Disposal Reduction Ordinance on December 14, 2021, becoming effective on January 13, 2022 allowing for enforcement of non-compliance. The City plans on making necessary revisions to the franchise agreement with EDD in 2023. The City is considering preparation of a C&D ordinance.

#### 7000-FR-MRF (MRF)

Current Status: SO - Selected and Ongoing	Program Start Year: 1996	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### Jurisdiction Notes:

El Dorado Disposal (EDD) operates a Material Recovery Facility (MRF) in Diamond Springs. EDD entered into a new Solid Waste Services Agreement with El Dorado County in the fall of 2014. Within that agreement, EDD was to be building a new MRF. Construction of the new MRF began in 2020 and is scheduled was completed in early 2025. The MRF hosts a permanent HHW collection facility which is open Friday, Saturday, and Sunday each week 9:00 am to 4:00 pm

#### 7010-FR-LAN (Landfill)

Current Status: DE - Dropped in an earlier year	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

The only operating landfill in El Dorado County is the Union Mine Landfill located in El Dorado. This landfill is closed to the public and only accepts sewage sludge from the on-site wastewater treatment plant. Waste from Placerville is exported out of the county to Potrero Hills, Forward Landfill, and Kiefer Landfill

## 7020-FR-TST (Transfer Station)

Current Status: SO - Selected and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

El Dorado Disposal's Materials Recovery Facility located in Diamond Springs functions as a transfer station. The transfer station has a salvage program to pull out white goods, metals etc. The transfer station operates Monday through Sunday, 8 am to 5 pm.

## 7030-FR-CMF (Composting Facility)

Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

There are no composting facilities in the City of Placerville or El Dorado County. EDD takes organics waste to the Northern Recycling Composting facility located at the Yolo County Central Landfill for Composting. Materials composted include green waste, untreated wood from C&D, tree and shrub branches, and pine needles. Food waste is taken to the Northern Recycling Composting Facility located at the Yolo County Central Landfill. (Note: branches are accepted at the MRF, large stumps are not.)

## 7040-FR-ADC (Alternative Daily Cover)

Current Status: SO - Selected and Ongoing	Program Start Year: 2015	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

In accordance with new CalRecycle guidelines, organic waste is no longer used as Alternative Daily Cover (ADC).

### 8010-TR-BIO (Biomass)

Current Status: SO - Selected and Ongoing	Program Start Year: 1995	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

There are no biomass facilities operating or under consideration in the County of El Dorado or in the City of Placerville.

## 8020-TR-TRS (Tires)

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### Jurisdiction Notes:

Tires collected by EDD with rim and without are sent to Crumb Rubber Manufactures (RD-13412).

## 9000-HH-PMF (Permanent Facility)

Current Status: SO - Selected and Ongoing	Program Start Year: 1994	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

Household hazardous waste is accepted at El Dorado Disposal's Materials Recovery Facility in Diamond Springs on Fridays, Saturdays, Sundays from 9:00 am to 4:00 p.m. Materials that are accepted include: acids, aerosol cans, antifreeze, auto product, ballasts, batteries, auto batteries, flares, extinguishers, contaminated debris, flammable liquid, fluorescent tubes and bulbs, CFL bulbs, HID halogen bulbs, U-tubes, gas cylinders, janitorial products, oxidizers-solid & liquid, narcotics, mercury, oil, oil filters, oil soaked rags, oil & water based paint, pesticides, propane tanks (under 5-gal.) and toxic solids & liquids. Explosives, asbestos, oxygen tanks, and propane tanks greater than 5-gal. are not accepted. There are 12 certified used oil collection centers in El Dorado County; however, only 1 is in the City of Placerville in addition to EDD MRF.

9010-HH-MPC (Mobile or Periodic Collection)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

No mobile or temporary events were held in 2024

### 9020-HH-CSC (Curbside Collection)

Current Status: AO - Alternative and Ongoing	Program Start Year: 1992	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

El Dorado Disposal (EDD) provides curbside collection program for used oil, used oil filters & household batteries. Customers must contact EDD and schedule an appointment for pickup of these hazardous materials.

## 9030-HH-WSE (Waste Exchange)

Current Status: SO - Selected and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

#### **Jurisdiction Notes:**

The City and County did not have any Waste Exchange programs in 2024

## 9040-HH-EDP (Education Programs)

Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No

The County Environmental Management Department (EMD) and El Dorado Disposal (EDD) each advertised their HHW programs online: EMD:http://www.edcgov.us/Government/EMD/HazardousMaterials/Household\_Hazardous\_Waste\_Collections\_Facilities.aspx EDD: http://www.eldoradodisposal.com/MRF.aspx

EDD also sends out information about their respective Hazardous Household Waste to their residential customers annually. Information is shared with the public at public events where EDD hosts a booth. The City provides links on its website for customers.

### 9045-HH-EWA (Electronic Waste)

Current Status: SO - Selected and Ongoing	Program Start Year: 2004	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No

#### **Jurisdiction Notes:**

E-Waste is collected free of charge at EDD's MRF in Diamond Springs. All these locations are open to all County residents. EDD sends out information about their HHWs, including e-waste, collection programs to their residential customers annually. Information is also shared with the public at the Home and Garden Show and other community events.

## **Additional Information**

Is there anything else you would like to tell CalRecycle about unique or innovative efforts by your jurisdiction to reduce organic waste generation and increase diversion, about your jurisdiction's public education efforts, or about specific obstacles to reaching your jurisdiction's implementation of an organic recycling program?

Brief description of additional information files, including calculation data for infrastructure planning.
